

The Times

TUESDAY MORNING, MARCH 20, 1906.

On All News Stands, 5 CENTS

ROBBINS ROUSTED.

Operators Let Him Step Down.

J. H. Winder of Ohio, an Opponent of Concessions, Takes His Place.

Ryan Resolution Comes in for Long Discussion and Is to Be Rescinded.

Delegates Will Meet Miners and Require Scale Committee to Speak.

[BY DIRECT WIRE TO THE TIMES.] INDIANAPOLIS (Ind.) March 19.—[Exclusive Dispatch.] Francis L. Robbins, president of the Pittsburgh Coal Company, who has been the floor leader of the bituminous operators in every joint conference with the miners for years, was deposed today and J. H. Winder of Ohio, one of the leaders of those opposed to making any concessions to the miners, was chosen to succeed him.

For two days, Robbins had been feeling the pulses of the operators, and became convinced that the operators of Ohio, Indiana and Illinois were opposed to his further leadership, and when the conference was called to order, he tendered his resignation, which was at once accepted.

In his speech, Robbins referred to the many reports which had been in circulation against him, and said that he felt, in view of these and the general misconception which they had created, that his usefulness for the time being was at an end.

OPERATORS AGREE.
The operators appeared to agree with him, and especially as they had already made up their minds to de-

pose him. The action which brought general belief that he and President Mitchell had agreed that there should be a restoration of the scale of 1905, and that they were responsible for President Roosevelt's letter, which was contained in a command to meet again with the miners and try to bring about an agreement.

At the conference which followed, this idea was brought out fully. The operators said that they were here, not at the request of the President of the United States; that the miners were here, at his request, and not on the motion of the operators, and that, out of respect to him they were willing to go again into what would doubtless prove a fruitless conference.

RYAN RESOLUTION.
The Ryan resolution came in for long discussion and a large body of the operators favored notifying the miners that no conference would be held until that was formally rescinded. Others took the view that it would be better to meet the miners' Scale Committee, but before entering upon any discussion, to ask if they were in a position to treat, regardless of the Ryan resolution. If they said they were not empowered to make a scale, because of that action, then operators would refuse to go further, and the conference would immediately adjourn.

COMMITTEE MUST ACT.
The plan tonight is, therefore, to meet the miners' Scale Committee, but to refuse to transact any business till the committee declares itself empowered to act, and thus practically nullify the Ryan resolution.

According to leading operators here, Robbins and Mitchell have already entered into an agreement, and Robbins will meet with the miners separately, granting the 5.5 cent increase over the present scale, if the other operators refuse to make terms on the same basis. They assert that they know that such an agreement exists, and that Mitchell is under a pledge to the Pennsylvania operators to use his influence and have the compromise scale accepted for the miners of Western Pennsylvania, regardless of what the operators of Ohio, Indiana and Illinois may determine to do.

They say that such action would disrupt the interstate agreement, and that under no circumstances would the Western Pennsylvania operators be admitted to it, if it were reformed. There is already a strong probability of a union of the operators of the three States with those of the Southwest, and it will not doubt be formed if Robbins pulls out and insists on making a scale for Western Pennsylvania alone.

DIFFERENCES BECOME KNOWN.
The differences among the operators have become known to the miners, and there was a pretty play of politics today, which had for its object the prevention of a separate agreement with the Western Pennsylvania operators. The miners of Pennsylvania are moving in the matter, and their objection to a scale that will keep them at work, while other miners in the competitive district are idle, is that they would be taxed heavily to

FRANCIS L. ROBBINS, the deposed president of the bituminous coal operators.

support the idle men, and that it is better to stand out for an agreement for the whole competitive district, or make none for any particular section. They are willing that the Ryan resolution shall be considered a dead letter, so far as the anthracite miners are concerned, but they want it to apply to the bituminous fields, and if one section strikes, have all at strike.

IN FACE OF AGREEMENT.
This attitude of the Pennsylvania miners is directly in the face of the Mitchell-Robbins agreement, and the operators in Ohio, Indiana and Illinois are doing all they can to help it along.

They believe that Robbins is about to let, or has acted in bad faith with them, and though they are unwilling themselves to grant any advance, they do not wish him to profit by what they denounce as treachery to the competitive operators. They feel, also, that the influence of a side agreement by the Pennsylvania operators would be prejudicial to those who refuse to accede to the miners' terms, and that the public, not knowing nor caring for anything but surface indications, would at once arrive at the conclusion, that if one body of operators could grant an advance, all the operators could and should do so.

ILLINOIS STAND.
The Illinois operators, who are the most populous towns near the center of the storm area. This morning, the mine buildings of the Shenandoah mine were swept away in a great slide, and 12 men perished.

THE BLOCKADE OF THE RAILROAD between Durango and Silverton may not be raised for several weeks. Six engines are detailed on Cumbres Range, making the situation on that line serious.

THE SHENANDOAH DEAD ARE:
JESSE THEBOLD.
JESSE THORNTON.
JESSE THORNTON.
JESSE THORNTON.

THE OTHER FATALITIES occurred at the Camp Bird mine yesterday, at Creede, today, Samuel East was a victim.

EMPLOYEES STARVING.
One thousand mine and mill employees in Ouray county are threatened with starvation because of the snowslides and the complete obliteration of all trains and roads under a blanket of snow from six to thirty feet deep.

MUCH ALARM exists in Ouray for these men, because it will be impossible to send any assistance until the tracks and roads are reopened. The denizens of the hills are held prisoners, because escape is possible only

NO JOINT COMMITTEE.
Following the retirement of Robbins a resolution was adopted providing that the operators of the four States should elect their own spokesmen, and that there should be no official representative of the four States collectively, either in joint convention or joint Scale Committee.

SEPARATE SESSIONS of the national convention of the United Mine Workers and operators of the Central Competitive District were held today. No business of importance was transacted by the Mine Workers.

CONVENTION BUSINESS.
INDIANAPOLIS, March 19.—The operators heard the report of the Committee on Rules after recess and adopted it. A resolution was adopted setting forth that, out of respect for the expressed wish of the President, the operators would meet the miners in joint conference, and the chairman was authorized to make arrangements for such a conference. Chairman Winder later arranged with President Mitchell of the miners to have the joint conference held in Tomlinson Hall tomorrow morning at 10 o'clock.

WILL SUE EX-FORMER HOLDERS.
Indiana Claims Office State Auditor illegally Retained Fees Amounting to Hundred Thousand.

[BY THE ASSOCIATED PRESS.—P.M.] INDIANAPOLIS, March 19.—A special investigation committee appointed several months ago to examine the books of the State Auditor's office reported to the Governor today that J. O. Henderson, Democrat, auditor from 1891 to 1895, owes the State \$191,922, and A. C. Daly, Republican, auditor from 1895 to 1899, owes the State \$11,667. The amounts represent fees collected and retained illegally. It is claimed by the State. The Governor sent the report to the Attorney-General, with instructions to bring suit to collect the money.

SAN JUAN HORRORS.

Many Miners Buried in Snowslides.

Damage Already Done to Mine Property in Excess of a Million Dollars.

Twelve Men Die in a Great Slide Crushing the Shenandoah Buildings.

Storm in the Middle West. Cattle Scattered—Trains Blocked in Drifts.

[BY DIRECT WIRE TO THE TIMES.] DENVER, March 19.—[Exclusive Dispatch.] Southwestern Colorado's rich mining region, generally known as the "San Juan district," and some contiguous territory have been practically isolated by almost unprecedented storms.

Many lives have been lost in the snowslides, and the damage already done to property will exceed \$1,000,000. Communication with the stormbound section is difficult, and is accomplished only by telegraph, a few wires being in working condition.

Ouray and Silverton are the most populous towns near the center of the storm area. This morning, the mine buildings of the Shenandoah mine were swept away in a great slide, and 12 men perished.

THE BLOCKADE OF THE RAILROAD between Durango and Silverton may not be raised for several weeks. Six engines are detailed on Cumbres Range, making the situation on that line serious.

with the aid of snowshoes, and only a few of the men have these.

GREAT STORM CEASES.
The great storm ceased last night, after raging with blizzard proportions for a week.

TWELVE MEN BURIED.
Twenty-one men were at breakfast in the boarding-house of the Shenandoah mine when the slide struck it, coming down King Solomon Mountain, four miles from Silverton. Nine of the men escaped.

PASSENGER TRAIN STUCK.
On Cumbres Pass, the highest point on the narrow-gauge road from Durango to Alamosa, a trainload of passengers is marooned, dependent for warmth on the supply of coal in the engine tender, and for food on what hardy mountaineers can take them with snowshoes.

RAILROAD TRAFFIC IS PARALYZED, and telephonic and telegraphic communication is difficult over half of the State.

BURIAL OF EAST.
At 4 o'clock this afternoon, a slide came down Mammoth Mountain at Creede, striking the blacksmith shop of the Willow Mining Company's plant. Samuel East was buried under six feet of snow, and was dead when a rescue party found the body an hour later. He leaves a widow and child.

THE SLIDE CARRIED HEAVY TIMBERS 300 feet up the hill beyond the gulch, which broke its descent.

CATTLE WIDELY SCATTERED.
[BY THE ASSOCIATED PRESS.—P.M.] STERLING (Colo.) March 19.—Snow on the range averages about twelve inches in depth, and is solidly packed, owing to the partial thaw of Friday. Cattle drifted with the storm, and are scattered over many miles of territory. For this reason, it is difficult to determine the exact loss, but cattlemen are agreed that unless an immediate thaw takes place, enabling the stock to reach grass, the losses will run high.

A TRAIN HAS BEEN SNOWBOUND between this place and Cheyenne since Friday, the supply of coal having been exhausted.

GREEN MOUNTAIN DISASTER.
[BY THE ASSOCIATED PRESS.—P.M.] DENVER, March 19.—The financial loss by the destruction Saturday of the Green Mountain mill and the Silver Lake Tramway Line is estimated at \$250,000.

SUNDAY, ANOTHER SLIDE came down on the Green Mountain property and swept away the boarding-house. The men had all come down.

THE CAMP BIRD MINE was also carried away, but no damage to the mill was sustained, although fears are entertained as to its safety, as it is in a dangerous position. The employees were dismissed Saturday.

A LARGE FORCE will be sent to the Green Mountain mill and systematic work begun to recover the body of the missing foreman, Daniel R. Hickey, and replace buildings and machinery.

SIX HUNDRED CUT OFF.
[BY THE ASSOCIATED PRESS.—P.M.] OURAY (Colo.) March 19.—Six hundred miners employed in the various mines within a radius of twenty miles from Ouray have been cut off from all communication with the outside, and it is known that some lives have been lost. As many as twenty-five mines are completely isolated.

ALL THE EMPLOYEES of the Camp Bird mine and mill who took refuge in the tunnel to escape snowslides have reached here, coming over the mountains on snowshoes. They began arriving about 9 o'clock this morning, and the last arrival did not reach here until tonight.

COMMUNICATION was had today with the San Pedro, Atlas, Bankers, National and Revenue properties, and employed at those mines were safe.

FIVE MILLS WRECKED.
A telephone message from Silverton was received here tonight to the effect that fourteen lives were lost in the Shenandoah snowslide. It was also reported that five mills had been wrecked by snowslides, but the names of the companies owning the mills were not given.

IT IS SAID THERE IS SIXTY FEET of snow in the United States. It has swept about Texas and other Southwestern States, gradually extending its scope, until tonight it reaches from the Gulf of Mexico to Northern Wisconsin and Michigan, and from the Rockies to the Atlantic Coast.

BELOW THE OHIO RIVER, there has been a terrific downpour of rain, and the flood is feared, as much of the ground is frozen and will not take up the rainfall. Everywhere north of the river it is snowing hard. In Missouri, Western Indiana and Central and Southern Illinois, the snow is packed from ten to eighteen inches. Railway traffic in this section is almost completely demoralized.

A GREAT CATTLE TRAIN has been snowbound near Decatur, Ill., since early this morning, and twenty-six passengers are imprisoned by the drifts. Rural mail deliveries have been abandoned. Railroads running west and northwest were more severely taxed in the effort to keep their train schedules than the eastern lines. Officials of the Burlington and Santa Fe said that the storm was taxing every resource to keep the lines open.

AT THE HIGH TOWER of the tramway of the Camp Bird, and the snow in deep all along the route of the tramway. In the Imogene basin, the snow is 150 to 300 feet deep. This will prevent work on the reconstruction of the tramway for several weeks. Machinery for rebuilding the mill and materials for the buildings cannot be taken up during the present condition of the road.

"LIBERTY BELL" DAMAGED.
[BY THE ASSOCIATED PRESS.—P.M.] TELLURIDE (Colo.) March 19.—A snowslide which came down yesterday at the Liberty Bell mine, damaged the upper terminal of the tramway and considerable trestlework. It ran in the path of the slide of February 28, 1902, which killed nineteen men. The miners, remembering that terrible slide, have been leaving the mine and coming to town today. It will be only a question of a day or two until the Liberty Bell mill will be compelled to close down.

SMUGGLER-UNION SLIDE.
Another huge slide came down yesterday near the Bullion tunnel of the Smuggler-Union mines, damaging the blacksmith shop and other out-buildings. On account of the severity of the storm, which continues, no effort was made, today, to recover the body of August Hellens, who was killed Saturday night by the slide in Bear Creek.

ALL ALONG THE ROAD.
The telephone line to Ophir station is cut off, and the fate of the engine and flanger crew, hemmed in by slides near Ophir loop, has not been learned.

SLIDES ARE DOWN all along the road to Red Mountain, so that it is impossible to get there. A small slide came down at the Joker tunnel, last night, and tore out the snowshed at the mouth of the tunnel and destroyed the stable and blacksmith shop.

THE REVENUE TUNNEL mine, mill and all the buildings are considered to be in danger, since it is known that the Potomac slide comes down near the dump of the mine, and the increase of snow might carry it over the buildings. The E.H.'s, Baker's Consolidated and San Pedro, are all considered to be in imminent danger.

WORST IN TWENTY-TWO YEARS.
[BY THE ASSOCIATED PRESS.—P.M.] ALAMOSA (Colo.) March 19.—Not since the terrible snowslides and blockades of the winter of 1884, when the Denver and Rio Grande branch road between Alamosa and Durango was impassable for four weeks, has there been so much trouble experienced in this region as at present.

NO TRAINS HAVE ARRIVED from Durango for seven days, and every available man is being taken to the large snowslides on Cumbres Hill. Six dead engines are snowed in between this place and Durango, also one of the big snowplows. A rotary snowplow was sent from Salida, today, pushed by three engines.

IT HAS BEEN SNOWING CONTINUOUSLY for seven days in the mountains west and south of Alamosa. The valleys are full of snow, and in many places the tops of tall trees are just visible.

COAL AND ENTABLERS have been sent from here to the working crews, and goods are being taken to the snowed in trains on Cumbres Hill, to keep the people there from starving.

NEW YORK PAPERS SAY MAYOR LOST THEM ADVERTISING.

EDITOR QUINN DECLARES HE WAS CALLED TO THE EXECUTIVE CHAMBER AND TOLD THAT UNLESS BETTER TREATMENT WAS ACCORDED, THE CITY ADS. WOULD BE WITHDRAWN.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, March 19.—[Exclusive Dispatch.] Representatives of two newspapers today told the Aldermanic Finance Committee that they had lost thousands of dollars' worth of city advertising because they insisted on criticizing Mayor McClellan's administration and appointments.

AN INQUIRY INTO the general subject of newspaper advertising by the city is being made for the dual purpose of ascertaining whether it is true, as alleged, that the distribution of the advertising has been used as a political asset by the administration, and to learn whether the rates paid are "business" or "subsidy" rates, as the committee expresses it.

THE REPRESENTATIVE of the advertising department of the New York American said that, following the appearance in the American of an editorial criticizing Mayor McClellan, the paper lost the city advertising.

THOMAS C. QUINN, editor of the Daily News, told a similar story. He said the Mayor called him to his office, and insisted that if he didn't receive better treatment in the pages of the News, the city advertising would be withdrawn. The attack continued, and the advertising was dropped.

TOLEDO'S THEATRICAL SUIT.
[BY THE ASSOCIATED PRESS.—P.M.] TOLEDO, March 19.—[Exclusive Dispatch.] George H. Ketchum, Moses O. Block and Charles Potter now face damage suits for \$75,000 as the result of the arrest of alleged Sunday violators who participated in theatrical performances. The last to file suits against them were Charlotte Hayden and Frederick Korb, both of whom commenced action for \$25,000 each today. Mrs. Charlotte Buxton Shea sued for a like amount last Saturday.

STORM WAVE OF MAGNITUDE.
The storm wave of magnitude unprecedented in recent years in March, is sweeping over almost half the

at the high tower of the tramway of the Camp Bird, and the snow in deep all along the route of the tramway. In the Imogene basin, the snow is 150 to 300 feet deep. This will prevent work on the reconstruction of the tramway for several weeks. Machinery for rebuilding the mill and materials for the buildings cannot be taken up during the present condition of the road.

PARDON FOR PACKERS LAWBREAKERS' HOPE.

United States Atty.-Gen. Moody
Personally Appears at Bar and Op-
poses Immunity Plea of the "Beef
Trust"—Courtroom Crowded.

[BY THE ASSOCIATED PRESS.—P.M.]

CHICAGO, March 19.—United States Atty.-Gen. William H. Moody commenced the closing arguments for the government today in the hearing of the immunity plea advanced by the packers. The courtroom was packed to the doors with local attorneys anxious to hear the argument of the Attorney-General.

In opening his argument, Mr. Moody declared that the eyes of the whole people of the United States were directed to the courtroom in which the present hearing is being held and asserted that the government of the United States is far too much in earnest in the present case to pursue, as the attorneys for the packers have intimated it is pursuing, a senseless creation of the law.

He declared that if a wrong had been committed the government was seeking the punishment, not of a corporation but of a living breathing human being who committed the wrong. The government and the people of the United States, he declared, will be satisfied with nothing less than the punishment of the wrongdoer. He declared that his appearance at the bar of the court was unusual and almost unprecedented, but the law gave him the right to appear and after much deliberation he believed it to be his duty to appear. The justification for his action, he said, would be found not only in the importance of the present case, but in the fact that if immunity be conferred upon defendants on the ground upon which it has been claimed it would overthrow the legal interpretations of the government for almost twenty years and would essentially cripple the government in its attempt to enforce the laws of the land.

IMMUNITY EVIL PRECEDENT.

Mr. Moody spoke in part as follows: "I speak under a deep sense of personal feeling because of these prosecutions all over the country. Not long ago, a certain newspaper in New York furnished data concerning the offering of rebates in the sugar refining business. Out of this, charges have grown against the railroads and some others."

[BY THE ASSOCIATED PRESS.—P.M.]

ST. PETERSBURG, March 19.—In high circles tonight the rumor was current that Count Witte had definitely decided to retire from the premiership. The Associated Press is unable to confirm the rumor, as Count Witte had retired and the chancellor called shortly after midnight.

TERRIFIED INTO NOT VOTING.

Russian masses denied voice in national assembly.

Preliminary Elections Show That Authority Will Be Completely Denied Proletariat Organizations, Which Bore Brunt of Fight for Liberty—Complaints Increasing.

[BY THE ASSOCIATED PRESS.—A.M.]

MOSCOW, March 19.—D. and A. Rastorgueff, brothers, the largest merchants in Russia, have failed for \$13,500,000.

ST. PETERSBURG, March 19.—As the elections proceed, there is more and more evidence of the virtual exclusion from participation of the radical elements of the population.

The preliminary stages of the elections will rob the national assembly of much of its national character. Its authority to speak will be absolutely denied the proletariat organizations, which bore the brunt of the fight for liberty.

Complaints of interference and duress in the country districts are increasing. Many fraudulent incidents are cited of the terrorism of local officials in preventing a free expression of the peasants, thus often practically compelling the selection of priests and village elders.

The seeming apathy of the small land owners' assembly, at which an average of only 10 per cent. of the voters were present, was explainable by the feeling that they were not free to choose.

COMPLETE FARE.

Carefully collected information from the outlying industrial districts, today, shows that the elections were a complete farce. Nominally, eleven out of

FRANCE CAN'T BE MOVED.

Her Position Against Conceding Even One Point to Germany is Absolute and Final.

[BY THE ASSOCIATED PRESS.—P.M.]

PARIS, March 19.—Officials here say that France's position is absolute and final against placing Casa Blanca under international command. It is maintained that this is not a question of detail but one that involves the entire Franco-German controversy over internationalization of the police.

The officials declare that another vote will show that France is supported by Great Britain, Spain, Portugal and Russia, with Austria doubtful and Italy and the United States abstaining. Austria's doubt is due to Vienna's wavering in the support she has heretofore given Germany.

The current opinion in official circles is that Germany intends to recede from her position.

In the Chamber of Deputies today Foreign Minister Bourgeois asked for a postponement of the interpellation of M. Millerand, asking for an explanation of the situation at Algiers. M. Millerand thereupon withdrew his interpellation, saying he noted the fact that the Ministers had declared themselves in favor of a pacific policy.

TRACES HOLDINGS OF OIL STOCK.

HADLEY ASKS POINTED QUESTIONS OF WITNESSES.

Postponed Hearing in the Outer Suit Resumed—Secretary of Waters-Pierce Company Is Ordered to Produce Books—Wilson Certificate and Republic Company's Issue.

[BY THE ASSOCIATED PRESS.—A.M.]

ST. LOUIS, March 19.—The points brought out in the testimony today, summed up, stand as follows:

That stock of the Republic Oil Company is held by individuals for the Standard Oil Company.

That Frank Wilson, assistant secretary to W. G. Rockefeller, president of the Standard Oil, is a Republic stockholder.

That the Waters-Pierce Oil Company bought oil from Standard Oil refineries.

That, in payment of oil bought by the Waters-Pierce Oil Company from the Atlantic Refinery of Philadelphia, an alleged independent concern, the checks, since 1904, have been sent to No. 25 Broadway, New York, headquarters of the Standard Oil Company.

That stock in the Waters-Pierce Oil Company is held by M. Van Buren, nephew of John R. Archbold, an official of the Standard Oil Company.

That Charles M. Adams, secretary of the Waters-Pierce Company, visited No. 25 Broadway to discuss the affairs of the Waters-Pierce Company with Standard Oil officials.

In accordance with the ruling of the Supreme Court, officers of the Republic and Waters-Pierce companies testified, and books and papers from both companies were produced as evidence.

ST. LOUIS, March 19.—The postponed hearing in the outer suit instituted by the Standard Oil Company against the Republic Oil Company and Waters-Pierce Oil Company was resumed today, before special Commissioner Anthony. Among the witnesses to testify are Clay F. Farnsworth, president of the Waters-Pierce Oil Company; A. M. Finley, vice-president, and S. M. Adams, secretary of the same company. A subpoena duces tecum has been served on Adams requiring him to produce the stock books of the company.

William T. McKee, secretary of the Republic Oil Company of Cleveland, O., was the first witness called. He brought with him the books of the company in accordance with the order of the Missouri Supreme Court. He told of his employment under Wade Hampton at No. 25 Broadway, New York, as auditor of the Republic Oil Company. He denied knowing Hampton as general auditor of the Standard Oil Company, which was the distributing office of the Republic Oil Company, and said that the office was in New York at No. 25 New Street, New York. He told of having audited the books of the Waters-Pierce Company. A stock book of the Republic Oil Company was shown to McKee, but he denied ever having seen it before.

WILSON'S STOCK TRANSFER.

Questioned about stock certificates, McKee declared that George B. Wilson, holding certificate No. 1 for 2000 shares, was unknown to him. Certificate No. 8 shows that C. B. Wilson's stock was transferred to Frank Wilson, son of Orange, N. J. McKee told of his acquaintance with Frank Wilson, who is assistant secretary of W. G. Rockefeller, president of the Standard Oil Company.

Shares of the Republic Oil Company stock issued to several persons, among them James H. Taylor, assistant secretary, No. 25 Broadway, New York, were taken up. McKee was questioned about the relationship between George B. and Frank Wilson, and he was brought out that George B. Wilson transferred his stock to Frank Wilson, who is assistant secretary of W. G. Rockefeller, president of the Standard Oil Company.

HADLEY'S INTENT.

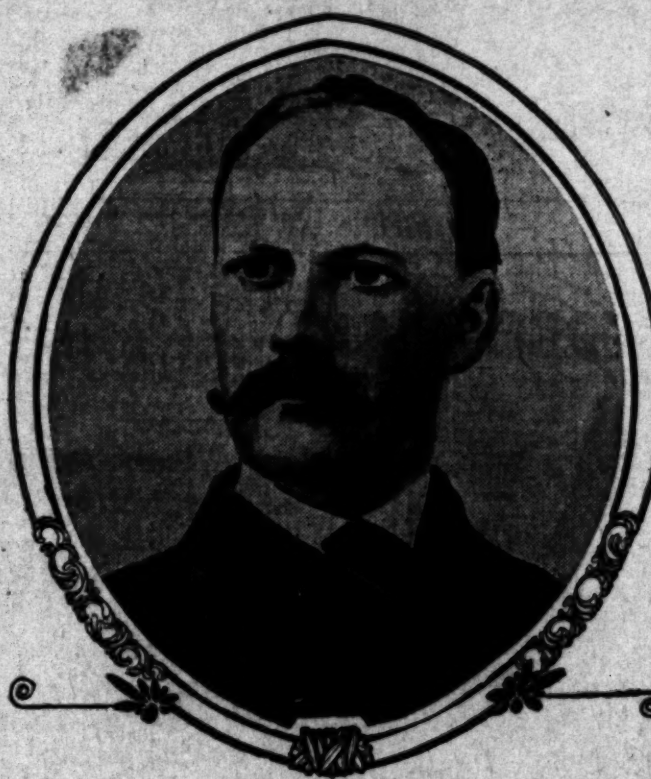

"I desire to know," interrupted Alfred D. Eddy, general western counsel for the Standard Oil Company, "what hadley intended to show by this question."

"I seek to show that this stock is held for the Standard Oil Company," replied Hadley.

"Then I will save you the trouble," Eddy returned. "For the purposes of this litigation, this fact will be admitted."

McKee declared that he held no stock himself, and this duty related chiefly to supervision over finances.

Murine Eye Remedy—An Eye Food. Restores and quickly cures ailing eye.

JOHN D. SPRECKELS.

SAN FRANCISCO, March 19.—[Exclusive Dispatch.] John D. Spreckels, millionaire ship owner and proprietor of the Call, is near death, his doctors having given up hope of recovery. Cables have been sent to Spreckels's daughter, Mrs. Alexander Hamilton, who is on her honeymoon in Europe, to return immediately. Spreckels is suffering from cirrhosis of the liver, and has been greatly weakened within a few days.

LATER.—The latest report tonight from Spreckels's doctors shows that he is improving. The doctors say that they did not authorize the statement that hope had been abandoned, although they admit they were discouraged by the patient's loss of strength. The turn for the better gives hope that Spreckels may soon be strong enough to take a trip to Honolulu.

VATICAN TO INVEST MILLIONS IN AMERICA.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 19.—[Exclusive Dispatch.] The long-rumored investment of funds of the Vatican in United States securities is at last about to be made, according to a cablegram from Rome today. These funds, which are under direct control of Pope Pius X, now reach the vast aggregate of \$40,000,000.

It is also declared that the present assets of the Vatican immediately available for reinvestment amount to no less than \$10,000,000.

The report that they were to be invested in this country was not official, but the fact was practically confirmed by Charles A. Conant, vice-president of the Merton Trust Company, of which Thomas F. Ryan is dominant factor.

This report brought to the surface the knowledge that long-standing rivalry has existed between Ryan and J. Pierpont Morgan for the honor and advantage of being the fiscal agent of the Pope in America. Morgan, who, months ago, was known to be striving for the honor of handling the Vatican funds, with the large commissions that

TEXAN'S BREEZY WAY.

A breezy echo of the plains was heard in Justice Mahoney's court today, when George V. Curtis of San Antonio, Tex., was arraigned on charges of assault and disorderly conduct, preferred by David Oliver, the Texan's successful rival in a contest of love. When Oliver married the sweetheart of Curtis and departed from San Antonio, the latter gave prompt chase. "How can we settle this matter," queried the justice.

Will let him choose his weapon," retorted the Texan. Curtis was placed under heavy bonds.

AT THE NATIONAL CAPITAL.

LIMITATIONS OF THE COURT.

Senator Bailey Exponent of Power of Congress.

McCreary Defends the Right of Fixing Rates.

House Saves to MacArthur Lieutenant-Generalship.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, March 19.—There were three speeches in the Senate today on the bill to limit the power of the courts to fix rates. Mr. Bailey, of Maine, was the first to speak. He announced his determination to vote for the bill whether amended or not, but said that he would not object to a reasonable provision for the review of the Interstate Commerce Commission's findings.

Mr. Bailey replied to criticism of his position by stating that he was not a proponent of the bill, but a proponent of the power of the courts to fix rates.

LANDS RELINQUISHED.

At the beginning of the session, the Senate adopted a resolution presented by Mr. Hays, directing the Secretary of the Interior to furnish, on the first Monday in December, 1906, the names of persons and firms or corporations who have relinquished to the United States land in the vicinity of forest reservations. The information required to be included in the report was that the names of the persons who have not selected lands in lieu of those relinquished, and the Secretary is instructed to provide the same for such persons taking patents to lands to which they are entitled.

MR. MCCREARY SPEAKS.

Mr. McCreary was the first speaker on the bill. The measure was called up by Mr. Tillman at 12 o'clock. The right of the Interstate Commerce Commission to fix railroad rates was defended by Mr. McCreary, and he argued that the bill should remain in effect until reviewed by the Court of Review. He did not agree with the modification of the bill which would discriminate in favor of coast cities.

MR. HAYBURN'S VIEW.

Mr. Hayburn expressed confidence that the present effort would result in legislation to fix rates, but said it was necessary to pursue the method which would stand the tests of the courts. He did not believe that orders of the commission could be made final because of the constitutionality of the act, but he saw no objection to the inserting of a provision for the review by the courts of the findings of the commission.

He declared that the existing interstate commerce law had resulted in building up seaboard communities at the expense of interior regions by the construction of the long-and-short-haul clause, so as to discriminate in favor of coast cities.

The Senate, at 5 o'clock, went into executive session, and adjourned eight minutes later.

IN THE HOUSE.

HIGHEST ARMY GRADE GOES.

WASHINGTON, March 19.—The House today reached a compromise on the question of abolishing the grade of lieutenant-general in the army, but providing that it shall not become effective until October 15 next, in order that Gen. Corbin and MacArthur may be promoted before their retirement.

CONSULAR SERVICE.

An important bill, declared to be the first step toward a reorganization of the consular service, was passed. The bill already has been acted on by the Senate. It reclassified the service and increased salaries to the extent of \$17,000 a year.

FOUR IMPORTANT POINTS.

The bill embodies four important points—the classification of the consular service, and the turning of all fees into the United States treasury; a provision that all consuls receiving a salary of \$1000 or more must be American citizens; and the establishment of a corps of inspectors to see that the incumbents properly perform their duties.

VARIOUS MEASURES.

A joint resolution was adopted, extending to August 15 next the time for opening to public entry the ceded portion of the Blackfoot or Wind River Indian reservation in Wyoming. The Alaska Delegate Bill was sent to conference, with Mr. Brick of Indiana, Mr. Powers of Maine and Mr. Lloyd of Missouri as House conferees.

GROSVENOR ON MOROS.

At 2:30 p.m. the Legislative Bill was taken up, and general debate ran for two hours. The battle of Mount Dajo, near Jolo, was the subject of comment by Mr. Grosvenor of Ohio and Mr. Williams of Mississippi. Mr. Grosvenor defended the army.

"This army of Moros," he said, "belongs to a class of pirates and professional thieves. They were an organized band of murderers, who never surrender."

Mr. Williams criticized the report of the battle. What had been said about it was based on this report, and should subsequent information present a different situation, of course, the criticism based on another report could not stand.

Finishing the general debate, the House adjourned at 4:55 o'clock to 1 o'clock tomorrow.

Legislation for freeing the mails of heavy matter and for gaining information to reclassify mail is included in the bill. One provision appropriates \$1000 to pay freight on all supplies for the service. These supplies are to be withdrawn from the mails immediately preceding the weighing period. Another provision requires that from July 15 to December 31, 1904, of all "second-class mail matter received for free distribution, and also at the 1-cent-a-pound rate, so as to show the weights in pounds respectively by classes of all papers, magazines, scientific, educational, religious and trade journals, agricultural and miscellaneous periodicals and similar copies," etc., and report to Con-

FEDERATION OF AMERICAS.

Guatemala and Nicaragua to Send Envoys to Rio.

Secretary Root's Invitation List Now About Closed.

Calvo Doctrine Likely to Be Received With Favor.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, March 19.—(Exclusive Dispatch.) Secretary Root, in his trip to Rio de Janeiro, next July, may take the cruiser Charleston, instead of the Minnesota, which, at one time, he seemed likely to take.

The reason for the change is that the former is the more comfortable vessel, and as Mrs. Root will probably accompany the Secretary, he is desirous of making accommodations as convenient as possible. The Charleston is now and has a speed of 23 knots.

The Secretary is taking a great amount of interest in the coming meeting of the Pan-American conference, and in the last two months has worked to secure representation from every American republic.

LIST NEARLY CLOSED.

Two acceptances were received today, from Guatemala and Nicaragua, and these, it is said, nearly close the list. Considerable tact has been required in this work, and considerable patience, but it now looks as if every one of the republics in this hemisphere would participate in the debate, and that Secretary Root, although not a delegate, would exercise great influence in the discussion.

CALVO DOCTRINE FAVORED.

At the close of a session of the American delegates to the conference, held today at the State Department, it was admitted that the insertion of a discussion in the programme of the Drago or Calvo doctrine would not be objected to by the United States. This, in simple, calls for the promulgation of a principle similar in some respects to the Monroe doctrine, in the future to warn a nation or corporation of that country.

Adherence to such a doctrine would not, it is said, be inconsistent with the attitude assumed by the United States at the time of the Venezuelan crisis, three years ago, nor with that of the President toward the affairs of Santo Domingo. No such agreement existed between the American countries when a blockade was established off La Guayra and the United States merely notified the blockading powers that they would not be permitted to seize territory of another country.

However, through this approaching conference, recognize the Calvo principle, it might become necessary in the future to warn a nation or corporation of that country.

BLAINE'S POLICY.

The statement made today did not go so far as to intimate that this would favor the adoption of such a principle, but only that it was not adverse to its introduction into the programme. In this connection, it is pointed out, today, that a resolution quite similar in spirit was introduced at the first conference of this kind in 1889, and was adopted, with Secretary of State James G. Blaine standing at its sponsor.

The meeting of American delegates, today, was largely supplied with getting acquainted and discussed in an informal manner the duties which they expect to perform.

SACRAMENTO IRRIGATION.

WASHINGTON, March 19.—(Exclusive Dispatch.) Frank Freeman, representing Sacramento River irrigation promoters in Glenn and Colusa counties, does not favor the suggestion of irrigation engineers that the McKinley bill should contain a provision enabling the Federal government to purchase his company's plant and works at a reasonable price, if it should wish to institute a national irrigation project in future.

"We get our water rights from California," he said, "and the Federal government has no right to compel us to sell them at the price set by it. Such provision in the bill would be unconstitutional. The privilege the government may give us can be taken away by legislative action."

STEVENS RECOMMENDATION.

The Stevens subcommittee of the Commerce Committee, having the McKinley bill in charge, has conferred with the War Department engineers about a compromise measure permitting the use of water eight months annually, so as not to interfere with navigation on the Sacramento. The committee will not meet again until the data of river commerce is obtained from California, as requested by Freeman.

TRAINS DELAYED BY BRIDGE.

Santa Fe at Bakersfield Unable to Get Through to Turnball on Account of Washout.

(BY THE ASSOCIATED PRESS—P.M.) BAKERSFIELD, March 19.—The Santa Fe is unable to use its tracks between here and Corcoran Junction because of washed-out approach to the bridge at Turnball. Traffic on the line between here and the north has been almost at a standstill today, and since Friday all trains out of this city have been running far behind schedule time.

The Southern Pacific track between here and Fresno was the only means by which the trains of the Santa Fe have been able to leave the local yards, and that two trains, Nos. 10 and 30, lay in the yards until late waiting to get out and then had to go north via the Southern Pacific.

Early yesterday morning the Southern Pacific was washed out at Goshen Junction, but repairs were made before delays were occasioned.

The Santa Fe expects to have the roadbed replaced by midnight.

"B. L. DUKE'S" WALLET FOUND.

NEW YORK, March 19.—Containing checks for \$1000, and having the name "B. L. Duke" stamped on it, a leather wallet was found yesterday in Jefferson Market Police Court, and the police are striving hard to unravel the mystery surrounding its ownership. S. L. Duke's whereabouts are unknown to them, and no one has appeared to claim the pocketbook. All the checks were made payable to "B. L. Duke," by J. B. Mason, cashier of the Citizens National Bank, Durham, N. C. Two checks were drawn on the National Bank of Commerce of this city. Besides the checks, there was a letter of identification written by the cashier of the Durham Bank to the cashier of the New York banking-house, to which was affixed the signature "B. L. Duke."

Among newspaper clippings was a ballot showing, among other things, that "Brodie L. Duke" had been at one time a candidate for member of the House of Representatives from North Carolina.

WOOD DENIES STORES OF MORO MASSACRE.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 19.—Secretary Taft has received two cables from Maj.-Gen. Leonard Wood at Manila, relative to the Mount Dajo fight. The first is dated yesterday, and reads as follows:

"If more detailed information concerning the facts connected with the Mount Dajo fight is desired, I suggest that Maj. Hugh L. Scott be called upon. He is thoroughly familiar with the situation, having spent eight months in the attempt to get these people off the mountain without fighting."

The Maj. Scott referred to has been on leave of absence in this country, and has just arrived in Washington in answer to the Secretary's summons. He was referred to in some of the Manila cables as having really caused the present trouble at Mount Dajo by reason of the exercise of too great leniency toward the brigand Moros.

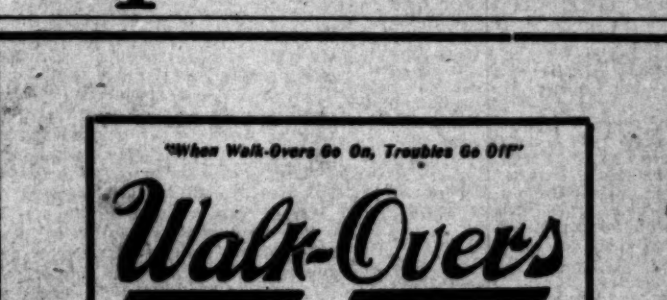

The second dispatch from Gen. Wood is dated Manila, today, and reads as follows:

"Generational cables sent to the United States relating to Mount Dajo were made up in Manila. There has been no reference in any cable from Mindanao to the killing of women and children. On receipt, Col. Andrews condensed report to me for Washington. American newspapers carried for details. The reporters here had no other information than was contained in my report to Col. Andrews, and supplied satisfaction that for."

Secretary Taft expects to go before the Military Committee of the Senate, some day this week, with information relative to the Mount Dajo fight. He will also throw some light upon the subject of Gen. Wood's mileage when he made his last summer from Manila to this country and return, circling the globe in doing so.

A Great Advantage

"SPLITS" OF Apollinaris

THE shoes so highly favored by women of discriminating shoe ideas—the most graceful appearing, comfortable fitting and hygienic shoes made. Over 15,000 pairs are daily required to supply the demand. That explains their popularity. Wear a pair and you will understand it all. We are showing over 150 new stylish lasts. No doubt about getting a proper fit. Prices \$8.50 and \$4.00.

TEA GARDEN DRIPS

Spread some Tea Garden Drips on a slice of bread and see what a rich syrup it is.

Use it in place of butter. It's more healthful. Its absolute purity and uniform quality will appeal to you.

You will observe how different it is from the tasteless, gummy syrups so commonly seen.

Tea Garden Drips has an individual flavor that is particularly pleasing.

All leading grocers sell Tea Garden Drips in sealed cans easy to pour from.

If yours doesn't, ask him why and write us for a free sample.

ESPEE'S BIG VIO OVER GO

(BY THE ASSOCIATED PRESS)

AN FRANCISCO, March 19.—

United States Circuit Judge Mor-

phy today handed down a decision

in the case of the Southern Pacific

Company against the Western Pacific

Company, generally known as the

should line, which is seeking to ob-

tain terminal facilities on the eastern

side of San Francisco Bay.

Every contention of the Southern Pa-

cific Company as to rights of way and

extension of wharves from its

terminal facilities on the western

side of the bay was sustained by Judge Morrow. The judge

granted an interlocutory decree of

injunction, restraining the Western

Pacific from interfering in any way

with the construction of wharves from

the terminal facilities on the western

side of the bay, which is sought to be

obtained by the Western Pacific Com-

pany.

THE FIGHT ORIGINATED.

The legal fight was brought about by

an attempt made by the Western Pa-

cific to construct a wharf and build

up a pier to the line of low tide.

The Western Pacific has no right

to extend the bulkhead line and

build a pier beyond the bulkhead line

of the property of the State of Cali-

fornia, and the Western Pacific has no

claim on them.

The Southern Pacific acquired title

to the bulkhead line, and by virtue

of the bulkhead line, it claims to own

the right of ownership and legislative

power over the line of low tide.

The right of the Southern Pacific to

extend to navigable water is be-

lieved to be a right of the State.

The Western Pacific has shown

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

its pier to the line of low tide, and

its intention to extend its wharf and

MARCH 20, 1906.

SPEE'S BIG VICTORY
OVER GOULD LINE.

(BY THE ASSOCIATED PRESS—A.M.)

FRANCISCO, March 19.—James H. Spee, chief justice of the Southern Pacific, today handed down a decision in the case of the Southern Pacific against the Western Pacific Company, generally known as the "Goat Line," which is seeking to obtain a right of way across the Southern Pacific's territory in the San Francisco Bay area.

The decision, which is a landmark case, is a victory for the Southern Pacific, as it denies the Western Pacific the right of way it sought. The decision is based on the fact that the Southern Pacific's territory is a public highway, and the Western Pacific's proposed route would interfere with the public use of the highway.

The decision is a significant blow to the Western Pacific, as it denies them the right of way they sought. The decision is also a victory for the Southern Pacific, as it denies them the right of way they sought.

The decision is a landmark case, as it is the first time a court has ruled on the issue of the right of way across a public highway. The decision is also a victory for the Southern Pacific, as it denies them the right of way they sought.

The decision is a landmark case, as it is the first time a court has ruled on the issue of the right of way across a public highway. The decision is also a victory for the Southern Pacific, as it denies them the right of way they sought.

A Man May Wear
A Curl

—but it should be on his hat.

Catch the good taste of the new style shown above?

Those carefully-studied proportions of brim and crown are what you don't find in the average hat.

Yet it is that very exactness that makes a hat or ruins it.

The model is a college favorite, and we wouldn't be surprised to find it shown nowhere else except at the Silverwood stores.

We're not going to flood the town with them just enough for smart dressers.

RELIGIOUS. PROMOTION OF NEW BUILDING.

Following Enthusiasm in Behalf of Young Men's Christian Association—Song Festival Rehearsal—Last Night—State Convention—Artist Young People.

The Young Men's Christian Association for forming a committee to forward the new building of the association, was held last night at a luncheon on Broadway.

The chairman of the Executive Committee, and the trustees, Secretary Luther, who plan formulated, which twenty committees of five each present who gave hearty support to the plan was S. P. Mulford, who backed his faith by announcing his own subscription of \$1000 to the building.

The following named gentlemen accepted chairmanships, and each will complete his own committee by adding four names: C. M. Staub, Curtis D. Wilbur, Nathan Newell, Charles T. Hopper, S. C. Lyons, Harry Callender, S. F. Mulford, Walter H. Fisher, William Mead, Oscar R. Smith. The other ten chairmen will be appointed at once by the Executive Committee, which meets daily at the new headquarters in the Johnson building.

Secretary Luther in bringing the subject before the business men gathered around the luncheon table yesterday, said:

"The greatest asset of Los Angeles today is her young men. If you doubt that for one moment, think what would be the result if it were possible to remove every young man between the ages of 15 and 25 from this city tonight. As a result of this, the city would be a complete blank. Every commercial interest, every business, every enterprise in this entire city is vitally affected by the quality of its young manhood, and yet Los Angeles has no building to care for this important class of her citizens. The efficiency of service in the banks, in the stores, in the railways and every public institution is measured by the efficiency of the young men and by the quality of character that they possess."

Review of the fact that cities like Dallas, Tex. (of less than one-third our size), Duluth, Minn.; St. Paul, Minn.; Denver, Colo.; Scranton, Pa., and Omaha, Neb. have either just completed buildings or have just finished their canvases for funds for buildings costing all the way from \$250,000 to \$1,000,000. Los Angeles is asking for a small amount when she asks for \$350,000 to care for her young men. No city in the country without a building and with practically no equipment, using rented quarters, would begin to do the work that is being done for your young men with such convenience. Los Angeles has today nearly 50 young men housed in her night classes, studying on practical lines, such as plan reading and estimating, mechanical drawing, architecture, bookkeeping, business law, arithmetic and English. These and many other courses, all on practical lines, are being given to young men who are employed during the day to secure an education that they could obtain in no other way. Within the last four months over 100 men have taken instruction in the automobile school.

He also called attention to the fact that San Francisco, with double the population of Los Angeles, had an equipment that cost \$600,000, and yet cared for but 600 members more than Los Angeles now cares for in its prescribed rented quarters, and declared this city to be the greatest opportunity in America for doing a great association work.

"The proposed building," he said, "will embody the latest features of modern association work and will provide ample dormitories for the young men who are without a home in this great western city. At least 1000 beds for dormitories will be provided, furnished in as homelike a manner as possible, so that all home comforts may be afforded to the members. One floor will be devoted entirely to rooms for educational evening classes; another floor to equipment for work for boys from 12 to 18 years of age. A number of rooms will be set aside for Bible classes, and a large auditorium will be used for the regular Sunday afternoon gospel meeting. A modern gymnasium will be equipped with the latest gymnastic apparatus, and appliances will be provided for scientific body building, after the most approved methods worked out in other cities through long years of experience. Outdoor athletic sports will be provided for, and a large swimming pool will be included in the physical department equipment."

"Do not think for a moment that in planning for a building to cost \$350,000 you are asking for too much. I venture the statement that, if you build today a sufficiently large building to care for 6000 young men, before you have been in your new building one year you will be looking for more room. It is a historical fact that no Young Men's Christian Association has ever over-built, and I congratulate this beautiful city and its progressive citizens and the magnificent opportunity which is afforded them at this time."

Short addresses were made by Arthur Lettis and Edwin T. Earl, each of whom has personally subscribed \$25,000 to the building fund, and by others who spoke in hearty endorsement of the determination to complete the entire fund of \$350,000 by May 1.

B. C. Cam, chairman of the committee on invitation, announced the reception of a vast number of acceptances for the banquet to be given at the Hotel Alexandria on the evening of March 24, when an address will be delivered by Henry Weinstock of Sacramento.

On Thursday evening of this week a dinner will be given in the association building by the members of the committee, the purpose being to forward the movement for raising \$25,000 among the members for the building fund.

SONG FESTIVAL.

The first rehearsal in connection with the Spring Song Festival was held last night in Trinity Methodist Episcopal Church, South, under the direction of John Brower, the personal representative of Tuller & Meredith, who has been sent here to take up the preliminary work. Mr. Brower announces that a large chorus of 100 in a splendid work by Arthur Berridge, the well known English composer.

BAPTIST YOUNG PEOPLE.

The State convention of the Baptist Young People's Union will be held in Riverside May 4, 5, and 6, and will bring about 16,000 delegates to the beautiful little city. Rev. Dr. E. E. Chivers of New York, the first international secretary of the union in America, will be the principal speaker from abroad. The programme will also include Rev. Robert J. Burdette, Rev. Dr. Northrop and Rev. Dr. J. M. Fields. Dr. Loughridge of India and other missionaries are expected to be present, and the meetings will be of great interest.

Dr. Lyon's TOOTH POWDER

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Convenient for tourists.

Corner Spring and Third Sts.
Ramosa Block, 308 1/2 S. Spring St.

Can You Sleep?

If not, and you are growing nervous, dependent, and run-down, you need Palmo Tablets. They induce natural slumber, build up the nervous system, and make you feel and look years younger. 50 cents. Book Free. At all "Sun" Drug Stores.

THE OIL INDUSTRY. NOTHING DOING FOR BIDDERS.

AND NO FUEL YET FOR THE GARAGE BURNER.

Council and Board of Public Works Play Battleground, and Shuttlecock, and Product is Advancing in Price. Railroads Deny Special Rate on Read Oil.

Battleground and shuttlecock was played with the bids of oil dealers yesterday in the Council chamber, and the new Board of Public Works.

"It's up to you, my dear Mr. Public Works," exclaimed the Council, as it sent the bids to the board.

"Excuse me, dear Mr. Council, it is your funeral," remarked the board, as it sent them back.

And so, for the third time, the garage incinerator will have to wait the readvertising of bids for crude oil before it gets a chance to incinerate. "Just ten minutes," says everybody concerned.

When the bids were first advertised for 600 barrels of crude oil, to be of the lowest bidder, not more than 15.5 deg. Beaume, Mrs. E. A. Summers, the "oil queen," was the lowest bidder by a margin of seven-tenths of a cent. She was considered entitled to the contract. But the Council found that technically the Board of Public Works, which did not then exist, should have awarded the bids, so it readadvertised, and the "oil queen" lost her contract. No bids were received by the Council this time from Mrs. Summers.

An explanation was sought from the "oil queen" as to her reason for not submitting bids.

"I did not submit bids because I had already bid before and secured the contract with the lowest bid, but they readadvertised," said Mrs. Summers.

Crude oil of a certain gravity, similar to that required by the Council for its new incinerator, was stated yesterday to be advancing in price, especially as the oil known as the "Salt Lake oil" is of a specific gravity of between 14 and 15, and it is a problem which was turned down.

The bids submitted to the Council, then to the Board of Public Works, then back to the Council, will be returned unopened to the bidders.

NO SPECIAL RATE.

At the recent convention of Supervisors of the various counties of this State, a committee was appointed for the purpose of securing special rates, if possible, from the railroads, upon crude oil to be used by the counties for road work. At the meeting of the Executive Committee of the Board of Trade of Bakersfield, the formal reply of the railroads was received denying the request, and explaining that they could not grant all the requests made for special rates, and to grant any one would be a discrimination. This report will be sent to all the county Supervisors.

"LITTLE EGYPT" IN MANILA.

Companion of McKinley Says He Is En Route to Guatemala, Under Name "Foster."

(BY THE ASSOCIATED PRESS.—A. M.)

MANILA, March 19.—Eva Rowland, known on the Pacific Coast as "Little Egypt," who was reported to have eloped from San Francisco with Horace McKinley, who figured in the Oregon land-fraud cases, has arrived here.

Miss Rowland says that she and McKinley separated at Shanghai, and that McKinley is now en route to Guatemala, under the name "Foster."

Free to Weak Men

SEND FOR IT TODAY.

To the man who wants to regain his youth, who wants to feel like he did when he was budding into manhood, I offer a book, which will show him the road to happiness—a book which will give him courage and enlighten him as to the causes and cure of his troubles. It will point out the pitfalls and guide him safely to a future of strength and manhood. It is beautifully illustrated. It tells what other men have suffered and how they have cured themselves. It is free. I will send it, closely sealed, without charge, if you will send this ad. If you are not the man you ought to be, send for it today.

Dr. McLaughlin's Electric Belt

builds up broken-down men, restores youth and manhood and makes men look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, Varicose Veins, Loss of Vitality and every evidence of weakness in men and women. It will not fail. It cannot fail, as it infuses the power of life and strength.

Every patient receives the very best treatment. We succeed because we have the skill and apply it scientifically. Because we use the methods of today—throughout, quick and sure methods—many of which are original with us.

Office Hours: 9 a. m. to 1 p. m.

WE CURE M E N O N L Y

Chronic Troubles
Of men are treated by thorough, scientific and skillful methods that result happily in curable cases. There is no guesswork, no experimenting; our work is based on a thorough knowledge of our business.

Contracted Disorders
Every man who has been through a reliable treatment; when we pronounce a patient cured he may be assured that there is not a particle of infection or inflammation remaining and there is not the slightest danger that the disease will return in its original form or affect the general system.

Varicocele
Varicocele cannot be cured by absorption, electric belts, external application of medicinal remedies; but Varicocele can be cured by Dr. Harrison's method, which is absolutely guaranteed, by a written contract to cure the Varicocele or a refund of the money paid. We do not pay a dollar for a cure of Varicocele unless you have that kind of a contract. Call and interview Dr. Harrison; he will gladly explain his method and refer you to many prominent men who have cured.

Our Medical Folder Free
Downstairs at our entrance, 207 1/2 South Broadway, you can help yourself to our medical folder; an extensive description of our special work is given. It contains full information. If you live out of the city, write for one.

Weakness
This trouble can be given thorough and reliable treatment; when we pronounce a patient cured he may be assured that there is not a particle of infection or inflammation remaining and there is not the slightest danger that the disease will return in its original form or affect the general system.

Our treatment is direct, effective and safe. We make clear to every man who consults with us the cause, the cure and the outcome of this particular case. There is no charge for consultation.

DOCTOR HARRISON & CO.
207 1/2 South Broadway
Office Hours 9 to 5, 7 to 8, Sundays 9 to 12.

Stricture
Pain is entirely eliminated under our treatment. We have solely developed and perfected for the cure of stricture, thus doing away with the use of a knife, and leaving the urinary passage in a healthy condition, doing away with all irritation and congestion of the kidneys and bladder.

My Methods Are Safe. The Results Sure

Aren't you tired of Paying for Something you don't get?

Varicocele Cured 4 to 6 Days

Many men suffer from varicocele and have many times treated without satisfactory results. I want to say to all such that my treatment personally applied will cure you in 4 to 6 days, and the cure will be permanent.

Functional Decline
Termed Weakness by Some. The success I have had in restoring functional derangement has been a great surprise to many who have met with failure in former treatment. It's the right treatment applied in the right way that brings the satisfactory results. By my direct method all inflammation is removed and free, healthy circulation is established.

Contracted Diseases
Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions. My treatment is most cleanly and perfect.

I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions causing functional derangement, impairing strength and vitality.

MOORE, JUNIOR, LANDS IN JAIL.

SCION OF RAILROAD MAGNATE IS ARRESTED.

Golf Player, Autoist and Horseman Taken at Santa Barbara for Being Drunk and Driving Automobile Recklessly Through Streets—Gives Bail to Appear Today in Court.

[BY DIRECT WIRE TO THE TIMES.] SANTA BARBARA, March 19.—[Exclusive Dispatch.] Nat. Moore, the well-known golf player, automobilist and horseman, and the only son of James Hobart Moore, the multi-millionaire railroad magnate, was in jail for two hours this evening, having been arrested shortly after 4 o'clock by Police Captain Wiley, on a charge of drunkenness and driving his automobile at a reckless rate of speed.

He was taken to the police station where he remained until he was released on \$50 bail, twenty-five on each charge. A bench warrant is hinted at if he does not appear for trial tomorrow.

Young Moore has several large automobiles in this city and is recognized as a reckless driver. His arrest on a double charge has caused much surprise in this city.

RELIGIOUS. PROMOTION OF NEW BUILDING. PLANS DEVELOPED AT LUNCHEON OF BUSINESS MEN.

Growing Enthusiasm in Behalf of Young Men's Christian Association Project—Song Festival Rehearsals Began Last Night—State Convention of Baptist Young People.

The plan of the Young Men's Christian Association for forming a committee of 100 citizens to forward the new building project of the association, was developed yesterday at a luncheon held at Christopher's on Broadway.

J. E. Carr, chairman of the Executive Committee, presided, and introduced General Secretary Luther, who explained the plan formulated, which is to appoint twenty committees of five men each.

One of those present who gave hearty endorsement to the plan was S. P. Mulford, who backed his faith by announcing his own subscription of \$1000 to the fund.

The following-named gentlemen accepted chairmanships, and each will complete his own committee by adding four names: C. M. Staub, Curtis D. Wilbur, Nathan Newby, Charles T. Hopper, E. C. Lyon, Harry Callender, S. P. Mulford, Walter H. Fisher, William Mead, Oscar B. Smith. The other ten chairmen will be appointed at once by the Executive Committee, which meets daily at the new headquarters in the Johnson building.

Secretary Luther in bringing the subject before the business men gathered around the luncheon table yesterday, said:

"The greatest asset of Los Angeles today is her young men. If you doubt that for one moment, think what would result were it possible to remove every young man between the ages of 15 and 25 from this city tonight. As a result you would find the commercial and financial interests of this city at a complete standstill. Every commercial interest, every home, every church, and every enterprise in this entire city is vitally affected by the quality of its young manhood, and yet today Los Angeles has no building to care for this important class of her citizens. The efficiency of service in the banks, in the stores, in the railways and every public institution is measured by the efficiency of the young men by the quality of character that they possess.

"In view of the fact that cities like Dallas, Tex. (of less than one-third our size), Duluth, Minn.; St. Paul, Minn.; Denver, Colo.; Scranton, Pa., and Omaha, Neb., have either just completed buildings or have just finished their canvass for funds for buildings costing all the way from \$250,000 to \$400,000, Los Angeles is asking for a small amount when she asks for \$350,000 to care for her young men. No city in the country without a building and with practically no equipment, using rented quarters, would begin to do the work that is being done for your young men with such conveniences. Los Angeles has today nearly 550 young men and boys in her night classes, studying on medical, mechanical, drawing, architectural, engineering, business law, arithmetic and English. These and many other courses, all on practical lines, are helping young men who are employed during the day to secure an education that they could obtain in no other way. Within the last four months over 100 men have taken instruction in the automobile school."

He also called attention to the fact that San Francisco, with double the population of Los Angeles, had an equipment that cost \$600,000, and yet cared for but 600 members more than Los Angeles now cares for in prescribed rented quarters, and declared this city to be the greatest opportunity in America for doing a great association work.

"The proposed building," he said, "will embody the latest features of modern association work, and will provide ample dormitories for the young men who are without homes in this great western city. At least 150 rooms for dormitories will be provided, furnished in as homelike a manner as possible, so that all home comforts may be afforded to the members. One floor will be devoted entirely to rooms for educational evening classes; another floor to equipment for work for boys from 12 to 18 years of age. A number of rooms will be set aside for Bible classes, and a large auditorium will be used for the regular Sunday afternoon gospel meeting. A modern gymnasium will be equipped with the latest gymnastic apparatus, and appliances will be provided for scientific body building, after the most approved methods worked out in other cities through long years of experience. Outdoor athletic sports will be provided for, and a large swimming pool will be included in the physical department equipment."

"Do not think for a moment that in planning for a building to cost \$350,000 you are asking for too much. I venture the statement that, if you build today sufficiently large to care for 1000 young men, before you have been in your new building one year you will be looking for more room. It is a historical fact that no Young Men's Christian Association has ever over-built, and I congratulate this beautiful city and its progressive citizens and the magnificent opportunity which is afforded them at this time."

Short addresses were made by Arthur Lettis and Edwin T. Earl, each of whom has personally subscribed \$25,000 to the building fund, and many others spoke in hearty endorsement of the determination to complete the entire fund of \$350,000 by May 1.

A. B. Case, chairman of the committee on invitation, announced the reception of a vast number of acceptances for the banquet to be given at the Hotel Alexandria on the evening of March 26, when an address will be delivered by Henry Weinstock of Sacramento.

On Thursday evening of this week a dinner will be given in the association building by the members' special committee, the purpose being to forward the movement for raising \$25,000 among the members, for the building fund.

SONG FESTIVAL.

The first rehearsal in connection with the Spring Song Festival was held last night in Trinity Methodist Episcopal Church, south, under the direction of John Brower, the personal representative of Tullar & Meredith, who has been here to take up the preliminary work. Mr. Brower announces that in connection with the festival the sacred cantata of "Nicomachus" will be rendered for the first time in America by a large chorus. It is a splendid work by Arthur Berridge, the well known English composer.

BAPTIST YOUNG PEOPLE.

The State convention of the Baptist Young People's Union will be held in Riverside May 4, 5, and 6, and will bring about 10,000 delegates to the beautiful little city. Rev. Dr. E. E. Chivers of New York, the first international secretary of the union in America, will be the principal speaker from abroad. The program will also include Rev. Robert J. Burdette, Rev. Dr. Northrop and Rev. Dr. J. M. Fields. Dr. Loughridge of India and other missionaries are expected to be present, and the meetings will be of great interest.

Dr. Lyon's PERFECT Tooth Powder

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Convenient for tourists.

PREPARED BY
J. H. Lyon, D.D.S.

We Cure M E N O N L Y

No dangerous delays. No hope deferred. Every promise redeemed. Steady improvement in condition from the very first treatment. We succeed because we have the skill and apply it scientifically. Because we use the method of today—thorough, quick and sure methods—many of which are original with us.

Pay When Cured
It is fair to offer you the cure first and ask for the fee after. Our specialty is confined to Stricture, Varicocele, Blood Poison, and Contracted Diseases. Free consultation and helpful advice gladly supplied to those who call.

Dr. Taylor & Co.
Corner Spring and Third St.
Ransom Block, 303 1/2 Spring St.

Can You Sleep?
If not, and you are growing nervous, despondent and run-down, you need Palm Tablets. They induce natural slumber, build up the nervous system, and make you feel and look years younger. 50 cents. Book Free. At all "Sun" Drug Stores.

THE OIL INDUSTRY. NOTHING DOING FOR BIDDERS.

AND NO FUEL YET FOR THE GARAGE BURNER.

Council and Board of Public Works Play Battledore and Shuttlecock, and Product is Advancing in Price. Railroads Deny Special Rate on Road Oil.

Battledore and shuttlecock was played with the bids of oil dealers yesterday by the Council and the new Board of Public Works.

"It's up to you, my dear Mr. Public Works," exclaimed the Council, as it sent the bids to the board.

"Excuse me, dear Mr. Council, it is your funeral," remarked the board, as it sent them back.

And so, for the third time, the garage incinerator will have to await the readjusting of bids for crude oil before it gets a chance to incinerate. "Just technicalities," says everybody concerned.

When the bids were first advertised for 6000 barrels of crude oil, to be of not less than 13.5 nor more than 15.5 deg. Beaume, Mrs. E. A. Summers, the most vigorous bidder in this great western city. At least 150 rooms for dormitories will be provided, furnished in as homelike a manner as possible, so that all home comforts may be afforded to the members. One floor will be devoted entirely to rooms for educational evening classes; another floor to equipment for work for boys from 12 to 18 years of age. A number of rooms will be set aside for Bible classes, and a large auditorium will be used for the regular Sunday afternoon gospel meeting. A modern gymnasium will be equipped with the latest gymnastic apparatus, and appliances will be provided for scientific body building, after the most approved methods worked out in other cities through long years of experience. Outdoor athletic sports will be provided for, and a large swimming pool will be included in the physical department equipment.

"Do not think for a moment that in planning for a building to cost \$350,000 you are asking for too much. Free to Weak Men

SEND FOR IT TODAY.

To the man who wants to regain his youth, who wants to feel like he did when he was budding into manhood, I offer a book, which will show him the road to happiness—a book which will give him courage and enlighten him as to the causes and cure of his troubles. It will point out the pitfalls and guide him safely to a future of strength and manhood. It is beautifully illustrated. It tells what other men have suffered and how they have cured themselves. It is free. I will send it, closely sealed, without marks, if you will send this ad. If you are not the man you ought to be, send for it today.

Dr. McLaughlin's Electric Belt builds up broken-down men, restores youth and manhood and makes men look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, Varicocele, Lost Vitality and every evidence of weakness in man and woman. It will not fail. It cannot fail, as it infuses in the weakened parts the force of life and strength.

Dr. M. B. McLaughlin, SOLEDAD, CAL., Dec. 4, 1905. Dear Sir:—In compliance with your request for a report of my case every thirty days I am happy to be able to say that for the first time in more than a year I am beginning to feel like myself. The back pains are fast disappearing and my whole system feels full of new life, thanks to you and your Electric Belt. The appliance has about done away with what a local doctor called varicocele, my stomach does not bother me, and I am again able to do all my share of the work. I hope this letter may convince many afflicted persons of the wonderful merits of your belt, and with best wishes, I beg to remain, Yours very truly, J. H. HEWITT.

Put it on when you retire; you get up in the morning refreshed and vigorous, with courage in your heart and a clear head, full of ambition for your daily work. I have sold electric belts for twenty years, and have kept pace with the times in making improvements. The Belt I offer you today is recently patented, and is a grand cure for all the ills that afflict the human system. It is a free electric current that feels like the glowing warmth all over your body. There is a free electric clasp, which you can use at any time, and it is quick to cure. If you have neighbors that do not satisfy you, I will take it in trade. It is curing your neighbors. Don't you think you ought to give it a trial? Saves doctors' bills.

FREE BOOKS. I want every sufferer from Sciatica, Rheumatism, Lame Back, Kidney or Bladder Troubles, General Nervous or Vital Weakness, Indigestion, etc., to send for my book about it free before it is too late. **CAUTION.** Beware of medical concoctions offering "Electric Belts Free." This offer is only a trick to get a package of medicine upon you C.O.D. Write to me for an explanation of the trick.

Put your name on this coupon and send it in. DR. M. B. McLAUGHLIN, 129 S. Spring St., Los Angeles. Send me your Free Book, closely sealed, and oblige.

Chronic Troubles

Of men are treated by thorough, scientific and reliable methods, which result in a permanent cure. There is no quackery, no experimenting; our work is based on a thorough knowledge of our business.

Contracted Disorders
Every curable case is given thorough and reliable treatment; when we pronounce a patient cured, he may be assured that there is not a particle of infection or inflammation remaining and there is no slightest danger that the disease will return in its original form or affect the general system.

Varicocele
Varicocele cannot be cured by absorption, electric belt, external application or internal remedy; but Varicocele can be cured by Dr. Harrison's method, which is absolutely guaranteed, by a written contract to cure the Varicocele or no pay. Do not pay a dollar for a cure of Varicocele unless you have this contract. Call and interview Dr. Harrison; he will gladly explain his method and refer you to many prominent men he has cured.

Our Medical Folder Free
Downstairs at our entrance, 254 South Broadway, you can help yourself to our medical folder; an extensive description of our special work is given. We take pleasure in making clear to every man who calls for consultation the nature and the outcome of this particular case. There is no charge for consultation.

DOCTOR HARRISON & CO.
254 South Broadway
Office Hours 9 to 5, 7 to 8, Sundays 9 to 12.

My Methods Are Safe. The Results Sure

Aren't you tired of Paying for Something you don't get?

Varicocele Cured 4 to 6 Days
Many men suffer from varicocele and have many times treated without satisfactory results. I want to say to all such that my treatment personally applied will cure you in 4 to 6 days, and the cure will be permanent.

Functional Decline
Termed Weakness by Some. The success I have had in restoring functional derangement has been a great surprise to many who have met with failure in former treatment. It's the right treatment applied in the right way that brings the satisfactory results. By my direct method all inflammation is removed and free, healthy circulation is established.

Contracted Diseases.
Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions. My treatment is most cleanly and perfect.

I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions causing functional derangement, impairing strength and vitality.

THE CITY IN BRIEF.

POOR WILLIE!

NEWS AND BUSINESS.

Storm Coming.

There's a weather disturbance coming along the coast, according to the Weather Bureau. Forecast Official Franklin received dispatch from San Francisco last night advising him to hold the southeast storm warning.

Bankrupt Plumber.

T. P. Keller, a Los Angeles plumber, filed a bankruptcy petition in the United States District Court yesterday. He alleges that he owes nearly \$3000, including claims, and that he has practically no assets.

Thomas to Be Sentenced Today.
Everett B. Thomas, who was found guilty on ten counts in the United States District Court a few days ago, on the charge of falsifying his accounts as Forest Supervisor, will appear before Judge Wolfson this morning for sentence. His attorneys have not decided on their next move, and a motion for a new trial may be made.

Hollywood to Entertain "Gophers."
The citizens of Hollywood will entertain the Minnesota Society of Southern California tomorrow with a basket picnic. A good programme has been arranged, and a driver will be provided for the Minnesota residents invited. Seven or eight hundred are expected. The Minnesota people are having a full share of the picnic this season.

Falls on Street.
C. W. Williams, a guest at the New England House, fell from a Brooklyn Heights car yesterday afternoon near the Temple block and sustained a laceration on the back of the head. He says the car stopped to let him off, but he had to walk with a cane, as he was quite weak, and his cane slipped and he fell to the pavement.

Run Down by Wagon.
While trying to cross Main street at Eighth yesterday morning, A. L. Bowman, aged 70, was run down by an express wagon driven by J. D. Castiel of No. 719 South Main street. Bowman was painfully hurt and was removed to the Receiving Hospital. According to witnesses no blame could be attached to the driver of the wagon.

Mars Pipes to Organ.
An addition of 154 pipes to the organ of the University Methodist Church has made the instrument complete. On Sunday night the reformed organ was used for the first time in a praise service, which was of unusual merit. Roy Crist, the organist, had charge of the service. On Friday evening, the 9th inst., the cantata, "The Holy City," will be given.

For the Washingtonians.
At the Chamber of Commerce preparations are going on rapidly for the coming of the Washington State contingent, and a reception will be tendered on Saturday evening. Probably 150 persons will be in the company, including the Governor, and a good sight-seeing "time" will be afforded the congregation after the manner of that given the Oregonians.

Ten Dollars a Question.
Sherman Page, one of the attorneys for the Big Three Mining and Milling Company, has gone to take part in the trial before Judge Mahon, in the Kern County Superior Court, of this company's case against E. M. Hamilton, et al., and he had the honor of paying ten good American dollars for the pleasure of taking a question of a witness. The judge had ruled against it, but Page asked and paid.

Hurt on First Day.
While endeavoring, with two other men, to move a heavy boxed dynamo on a hand truck, Lewis sustained a fractured leg yesterday afternoon in the warehouse of the Edison Electric Company on South Main street between Fifth and Sixth. The strain became too great on the men and two of them let go. As a result the heavy box rolled on Lewis' leg, crushing his foot. He was moved to the Receiving Hospital. Lewis arrived in this city yesterday morning from Columbus, O., and immediately secured a job. He will be laid up for some time.

Shriner Seat Sale.
The Shriner's press agent, in his enthusiasm, got off on the wrong date as far as the seat-selling of the mammoth minstrel show was concerned. The sale did not begin yesterday morning, as announced, but will commence on Monday morning, at the Mason Opera-house, and the three Los Angeles performances will take place on Thursday, Friday and Saturday nights of next week. The first performance of this wonderful aggregation will take place tomorrow evening at San Bernardino, and the house has been practically sold out, at high prices. More than 1400 Shriners of this city are interested in the momentous affair.

BREVITIES.

Thousands of people are wearing our eyeglasses and spectacles with perfect satisfaction, and only paid \$1.50 for them. Let us fit your eyes with a pair of our best Al crystal reading lenses in a ten-year old-filled frame, for \$1.50. Examination made with the aid of the latest and most scientific optical instruments by graduates State registered optician. Consultation free. Clark's Jewelry and Optical Store, 351 South Spring at, opposite new Hellman Bldg., near Fourth street.

The Los Angeles Lapidary and Gem Company will be ready for opening in a few days. This plant will be kept busy for many months cutting and polishing tourmalines to fill orders now on hand. Stock in the Mesa Grande Tourmaline and Gem Company may be purchased from the Southwest Securities Company, 502 H. W. Hellman Building. At their office a splendid collection of tourmalines—cut and in the rough—may be seen.

A musical will be given on Thursday evening at the home of Mr. and Mrs. Valentine Peyton of No. 467 Westlake avenue under the auspices of the Woman's Auxiliary of the McKinley Home, the proceeds to go toward a hospital for the boys. Harry Barnhart, assisted by other prominent musicians, will contribute to the programme.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 1472. Subscriptions and advertisements taken. Visitors will find copies of the Times on files, and are welcome to call and read them.

Pictures, mouldings, framed and unframed pictures, at factory prices, as we soon retire from business. Chance of a lifetime. Investigate. The McClellan-Kanast Co., 111 Winston st., below Main, bet. 4th and 5th.

Sale in framed pictures continues to make room for water-color display. We are retiring from business so everything must go. The McClellan-Kanast Company, 111 Winston street, below Main, bet. 4th and 5th.

Splendid, hatter and importer of millinery, is not connected with any other millinery house in this city. Our parlors are cor. Third and Hill sts.

"Easy dressing" up to date and well demonstrated, are taught at Schell's, 450 South Hill street.

Gold crowns, \$3.00; others charge \$5 to \$8. All work warranted. Dr. Spaten, 517 S. Broadway.

Massage treatments for ladies and gents. Eastlake Sulphur Springs. Dr. Logan flays eyes with utmost precision. 453 S. Broadway.

Furs. D. Bonoff, furrier, 212 S. B'way. Dr. Logan flays eyes correctly.

VITAL RECORD
BIRTHS, DEATHS, MARRIAGES.

Deaths.
KUBEL, E. F. Kubel, at his home on Magolia ave., South Pasadena, March 9, 1936. Funeral services will be held at the church of the Holy Angels, Van Nuys, at 10:30 a.m. on Tuesday, March 10. Conveyances to the cemetery at Pasadena, will be ready near the church near the entrance.

NICHOLS. In this city, March 9, 1936. J. Nichols, aged 24 years. Remains are at Bresce Bros. parlors, 502 H. W. Hellman Building, at 3 p.m. on Tuesday, March 10. Burial at Calvary Cemetery.

WASHBURN. In this city, March 9, 1936. F. Washburn, of Los Angeles, aged 58 years. Funeral services, Wednesday, March 10, at 2 p.m. from the chapel of Pines Bros. & Co., 810 South Flower street. Interment, Rosehill Cemetery.

CHAMBERLAIN. Mrs. Clara Ann, at her home, No. 28 North Cummings street, at 8 o'clock, Sunday, March 9, 1936. The funeral services will be held at the Boyle Heights funeral home, 1360 E. First street, at 3 p.m. on Tuesday, March 10.

ROYER. 546 Court Circle, aged 70 years. Mother of Mrs. Royer, native of Ohio. Services at late residence at 2 p.m. on Tuesday, March 10. Interment, Friendsville Cemetery.

CUNYER. At the family residence, 112 West Sixteenth street, March 9, 1936. James C. Cunyer, aged 70 years. Funeral services, Tuesday, March 10, at 2 p.m. from the chapel of Pines Bros. & Co., 810 South Flower street. Interment, Rosehill Cemetery.

HUNTER. At No. 244 Western avenue, March 9, 1936. Mrs. Hunter, aged 70 years. Funeral services, Tuesday, March 10, at 2 p.m. from the chapel of Pines Bros. & Co., 810 South Flower street. Interment, Rosehill Cemetery.

STEBBINS. At the family residence, March 9, 1936. Mrs. Stebbins, aged 70 years. Funeral services, Tuesday, March 10, at 2 p.m. from the chapel of Pines Bros. & Co., 810 South Flower street. Interment, Rosehill Cemetery.

MARRIAGE LICENSES.

PUBLIC SERVICE OFFICIAL DRINGS.

SUMMARY OF THE DAY.
Grading Contractors Cummings & Drain were yesterday charged with extortion by the "widows' syndicate" on Fifty-second street; they must make their peace with the ladies before the Council will award them more contracts.

The Council yesterday failed by one vote to pass the boxing-district ordinance over the Mayor's veto.

"Dopey" Welsh, Howton's political manager, yesterday pleaded with the Council to restore to its original lines the "Saratoga chip factory" district; the mutilation was occasioned by an ordinance slipped through the Council by Howton himself.

Former Councilman Parish yesterday succeeded in delaying for two weeks action on the petition for a joint city and railway tunnel on North Hill street.

Bartolo Ballerino of unsavory memory in connection with the crib district, is being sued in Judge York's court for \$100,000 damages for breach of promise. Miss Jeanne Uhalt is the claimant. She has produced three wills made in her favor.

The arguments to the jury in the Morris Buck murder trial began yesterday and sometime this afternoon the case will probably go to the jury.

Three alleged forgers were arraigned in the Police Court yesterday, and one held for trial in the Superior Court. The other two will be examined today.

Maximino Galindo, charged with petty larceny with a prior conviction, was bound over for trial in the Superior Court yesterday by Justice Chambers.

AT THE CITY HALL.
GREEDY GRADERS BLACKLISTED.
WIDOWS' SYNDICATE TAKES THE COUNCIL BY STORM.

Cummings & Drain Must Make Their Peace With Property Owners on Fifty-second Street Before They Get Another City Contract—Altercation in Bid Starts Rumpus.

The "widows' syndicate" is camping on the trail of Grading Contractors Cummings & Drain. Yesterday afternoon two of the disconsolate ones swooped down on the Council and succeeded in getting the aforesaid graders ruled off the track.

There will be nothing doing for Cummings & Drain in the way of city contracts until they make proper reparation to the "syndicate" for improving East Fifty-second street.

The widows' syndicate has its headquarters on Fifty-second street between Central and McKinley.

Away last summer they asked the Council to improve the street by a generous application of gravel and to the center, and cement to the sides. Cummings & Drain were the only bidders, and they got the contract. Now the bills are coming in, likewise the protests from the widows.

From the evidence it appears that most of the contractors discovered the combination out on Fifty-second street when they made their preliminary inspection; consequently they declined to take the work at any price.

Cummings & Drain were duly warned that the syndicate was in control, but not until they had prepared a bid. They concluded to raise the figure a few notches and take chances. That is all they have to show for the widows as a unit decline to pay.

Mrs. Lima Brown and Mrs. Lottie Beckard yesterday afternoon read the riot act to the Council. But this explanation does not explain away the bills as so heavy. They said that there are nine widows living on the street and they are a unit in their protest against paying more for the improvement than their neighbors on Fifty-first street paid.

The widows want to know why Fifty-first street should be graded for \$1.32 a foot and Fifty-second street should cost \$2.57. President Summerland tried to explain that the protest should have been made a year ago when the bids were received. For about a minute and a half the widows devoted their joint attention to him. At the end he feebly motioned for the janitor to raise the window. After that no Councilman cared to talk back.

The bid of Cummings & Drain on its face evidence of a substitution of figures. The contractors say this was made six months before it was filed with the City Clerk. But this explanation does not explain away the bills.

"We have been robbed," blustered Widow Brown, "and you Councilmen just eat her and watched them do it. We are all widows out on Fifty-second street. We have no husbands. Some of us have to wash for a living. No I don't but there are some that have. These bills are so big that some have to give up their homes; it is like driving them out into the street. Shame on you to let these widows and orphans suffer like that. And yet you call yourselves men. We pay taxes to support you and this is what you do for us."

President Summerland looked appealingly at the legislators. They huddled up in their seats and waited for the whirlwind of wrath swept over their heads. It was as embarrassing as the first chapter of the library investigation.

Minute Clerk Wilde was very humble. He announced a widow himself, a widow himself a week and he had returned to the City Hall quite docile. Councilman Smith tried to make a diplomatic rejoinder but he only succeeded in bringing down on his own head the wrath of Widow Beckard.

It remained for "Protector" to raise the siege. Kern once served a six months' sentence at the head of a graded school in the Middle West. There he gained valuable experience in dealing with widows and old maid school teachers.

Kern suggested that the contractors should be disciplined by the Council. "Take 'em out and hang 'em" yelled a bachelor in the lobby.

The widows creased him with their slanders while the Council obligingly passed a resolution that Cummings & Drain shall receive no more city contracts until they make their peace with the widows' syndicate out on Fifty-second street.

Inasmuch as the partnership was dissolved months ago, this resolution is not likely to work an extreme hardship on the contractors.

"What is your Fifty-second street address?" asked a reporter of Mrs. Brown after the battle.

"Oh, I live out on West Tenth street; but I own property down there."

"And what is your address?" this to Mrs. Beckard.

"Oh, I live on Buena Vista street, but I have property interests down on Fifty-second street."

"I know the price is high," grumbled one of the contractors who sat shivering in the lobby through it all. "I don't dare to make myself known; if we had known what kind of a bunch we were going up against we wouldn't have touched it for a national bank."

Widows out on Fifty-second street are now reported to be keeping keen.

ties of hot water handy, in order to be prepared for the poor devil who presents bills for the grading contractors.

STORM DRAINS BLAMED.
LODGING-HOUSE AFLOAT.

Hysterical over failure to secure relief for her property from the ravages of storm water, Mrs. Hans Rosen yesterday morning created a scene by throwing herself prostrate on the stone flagging in the City Hall corridor.

She went to the City Hall with her husband's protest against the damage to her lodging-house at No. 443 Crocker street is receiving from a burst storm drain.

The Street Superintendent sent her to the Board of Public Works, and the Board of Public Works passed her on to the Mayor.

Mayor McAlleer listened to her plaint and sent her back to the Street Superintendent. On the way she apparently lost her mind and she threw herself prostrate on the floor in the midst of the crowded corridor.

Gathered about her were a number of refused all offers of assistance. He carried her out into the City Hall park and laid her down on a bench.

The Street Superintendent says there is no prospect for relief until the Fourth street storm drain is finished.

"STOP AT CROSSINGS."
COUNCIL TO MOTORMEN.

Councilman Smith yesterday voted a "vigorous protest against the new rule of the street motormen requiring motormen to stop at a cross length beyond a crossing in the business district."

Sunday Mr. Smith misjudged the distance, and was dragged about fifty feet by a car. Yesterday he was in a belligerent mood.

"The time has about come," asserted Smith, in stating his grievance, "when the motormen should be brought to a halt in the middle of blocks. If there are no ordinances compelling them to do so, I move that we adopt such ordinances."

Then followed a recital of his experiences. At the conclusion he moved the adoption of a resolution, asking the railway companies to stop their cars at crossings. This resolution was adopted unanimously.

ONE VOTE SHY.
NO BOXING DISTRICT.

An unfortunate emergency clause yesterday compassed the downfall of the latest boxing ordinance.

Back to the Council came the ordinance providing a district outside of which boxing is prohibited. It was accompanied by a diplomatic veto message from the Chief Executive.

Six Councilmen were ready to pass the ordinance, but the hearing of President Summerland.

"And I'll be Mayor while Mac is out of town, and I'll veto it if you do, promptly rejoined Summerland.

"Yes, and six votes will pass it over your veto," replied Blanchard.

In his veto message the Mayor asserted that he is opposed to prize fighting. This brought the following sarcastic rejoinder from Councilman Smith:

"I am very glad to know that the Mayor has reformed, and is opposed to prize fighting. I understand that every time there is a fight at the pavilion in the Eighth Ward the Mayor occupies a front seat. A number of his friends are with him; they make up a party and go on passes."

"But this time he wants to throw down the bars, and permit prize fighting all over the city. I am opposed to this. We have made a district outside of which boxing is prohibited. I think it is large enough. We do not want prize fighting in the Fifth Ward."

Howton said the City Attorney has ruled that the proposed ordinance is unconstitutional. Smith challenged the statement.

"Mr. Goudge told me that it is unconstitutional," replied Howton.

"Mr. Goudge," said Smith, "is just as much City Attorney as Goudge. Hewitt drew that ordinance and said it is constitutional."

"We better have the City Attorney to decide right now, mildly suggested President Summerland.

"Send for Mr. Goudge," called Howton.

"Send for Mr. Hewitt!" echoed Smith. "Bring them both," directed President Summerland.

Mr. Goudge could not be located; Hewitt came and said that, while the district is very small, it is probably large enough to be considered a reasonable size. Under the State law, city cannot prohibit sparring exhibitions, but it can regulate them.

The present ordinance is an attempt to regulate them into a district comprising one city block.

A trial vote was taken on an amendment. It showed three Councilmen opposed to the passage of the ordinance over the Mayor's veto.

Attorney Todd, guardian of the ordinance, did a lightning-change stunt, and placed a motion picture of the ordinance secured one filing the document.

Attorney Todd, guardian of the ordinance, called on the Council at the majority vote sent it to the "files."

The emergency clause was attached a week ago for the purpose of blocking the fight at the Chutes last Saturday night. It not only failed of its purpose, but prevented the undoing of the proposed legislation.

"DOPEY" WELSH IN TEARS.
ABHORRS SARATOGA CHIPS.

Clad in the habiliments of war, Spook Howton yesterday afternoon abused himself before a committee of his constituents, and did due penance for foisting a Saratoga chip factory on the city.

When Howton let the chip factory in he thought he was playing astute politics. He was wrong. He was playing something several degrees warmer.

"Dopey" Welsh sold out his interests in the chip factory to Howton's manager. And Howton retaliated by squeezing through the Council an ordinance permitting a chip factory to locate right next door to Dopey.

In his voice he had the chip factory declared an outlaw. His neighbors won't associate with him since the chip factory business has been taken out of the thing that he political foundation.

But the Council looked with suspicion on the appeal, and referred the controversy to the Board of Public Works.

Opposes Joint Tunnel.
Former Councilman Parish yesterday filed with the Board of Public Works a vigorous protest against the proposed combination railway and city tunnel on North Hill street.

He urged that a 35-foot tunnel is not wide enough for both street cars and teams. Mr. Parish thinks that the railway tunnel should be separate and distinct from the one used as a roadway.

The board decided to withhold its recommendation of a joint tunnel be built, and ordered a public hearing for April 6.

Fortnight for Summerland.
Mayor McAlleer will leave this morning with the Board of Public Works for Owens Valley, and for the next fortnight President Summerland of the Council will be acting-mayor. Mr. Summerland will receive his initiation this morning at the meeting of the Police Commission.

AT THE COURTHOUSE.
BALLERINO MADE RASH PROMISES.

SUED BY JEANNE UHALT FOR BREACH OF PROMISE.

She Declares He Made Three Wills in Her Favor, and Now Asks for Large Sum as Damages to Soothe Her Lacerated Affections—Ballerino Refuses to Compromise.

Bartolo Ballerino did not primp up a bit to go into court and contest the breach of promise suit brought against him by Miss Jeanne Uhalt. She wants Ballerino to pay her \$100,000 for the breach of promise.

At the conclusion of the hearing, the old man loomed up in court with the same old suit of clothes engarbing him and looking as serious as if he was about to be tried on a capital charge.

Miss Uhalt is a rosy cheeked French girl who came a few years ago to relatives in this city.

The plaintiff stated that on the last day of the hearing, Ballerino told her that he was very lonely and wanted someone to love him. These words were the last that he said to her.

Ballerino is alleged to have whispered into the ear of the French girl: "I will make a will in your favor and give all of my property to you. Will you marry me?"

Miss Jeanne gasped for breath. It was so sudden, but then she was so in love with the French girl, that she accepted his promises.

And Ballerino was even better than his word. About six months later Ballerino and his wife were separated and the property divided.

The marrying fell somewhat into abeyance, for trouble began to dog the footsteps of Ballerino, and not until he was arrested in connection with the crusade by the city against the cribb did Ballerino carry out one phase of the alleged verbal contract.

When in prison he made a holographic will, to which Miss Uhalt appended her signature. In this will he left to each of Ballerino's children, and the whole estate minus such as might be required to pay his debts, was left to Jeanne Uhalt.

Miss Uhalt stated that her affianced told her when he was in the city prison that he made his will because he felt that he was about to die there.

At a later date the old man made two other holographic wills in which he made over his property to this little French girl, and each time it was under the impact of a despair that seized upon him.

"I am alone," Miss Uhalt avers he pleaded, "I have nobody with me; everybody has gone against me. When he said he would 'make a queen of Los Angeles' of her, she listened more in pity and accepted his promises to happiness."

Believing that he meant all that he said, she went to his home on Jackson street, and acted as his housekeeper. Afflicted with sickness pretty often he had no one to care for him and she took upon herself the burden.

Before the trial began yesterday an effort was made to compromise the suit, but without success.

The defendant refused to pay the modest amount demanded, and so the trial began and the further hearing will be continued today.

DRESSED IN FASHION.
NOW FOR THE PAYMENT.

Eddie Schmidt, the merchant tailor, yesterday began suit against William Golt to recover a goodly sum alleged to be due for clothing made and supplied to the defendant.

Golt is fastidious and between March 20 and September 1 of last year ran up an account of \$325, and about September 1 he ordered several other articles aggregating in value \$150. Since then Schmidt made nothing more for his liberal patron, but pressed and cleaned several suits at a cost of \$100.

But though Golt is alleged to have received all this finery he has not paid anything on account and the present suit is brought to recover the amount of the bills.

BROKE HER HEART.
EBENEZER SKIPPED OUT.

Mrs. A. C. Perrott told Judge York yesterday that she married Ebenezer G. Perrott at Dallas, on October 6, 1896, and he celebrated the first week anniversary by treating her so cruelly that he broke her heart.

Notwithstanding, her husband took her to Iowa, and there, in the little town of Perry, he ran for Mayor but was defeated. That broke her heart.

Perrott got desperate and abused his wife so much that she left him and has lived here since. No. 144 East Thirty-ninth street. Here Mrs. Perrott took in a boarder in order to help out, but when her husband found out, he almost to death and then disappeared as he had to let the boarder go.

Perrott finally returned, but after a year of last year repeated the disappearing act, and then the police were asked to locate him. And they did at Alhambra.

The life she was leading was too strenuous for Mrs. Perrott. She separated from her husband, and was granted divorce from him yesterday by Judge York.

PARROT HAD REVENGE.
BUTLER WAS TOO FAMILIAR.

Dominique Du Boe was butler in the establishment of Fred Ward, who used to keep a road house on the Mission Road, and while Du Boe was acting in

that capacity he had trouble with a pet parrot. Polly didn't get the cracker he called for and bit Du Boe in the little finger. As a result of that indignity Du Boe sued against Ward to recover \$5000, went to trial yesterday in Judge Bordwell's court.

On motion for a non-suit which was sustained, the case dropped out of court. Du Boe contended that Polly was vicious and had bitten a number of persons. The court held that according to his own showing he had been put on his guard, and that he took chances when he interfered with the parrot.

BUCK SITS IN TRANCE.
ARGUMENTS IN CASE CONTINUE.

Morris Buck, the degenerate murderer of Mrs. Canfield, sat quietly yesterday throughout the arguments of counsel during which he was exasperated, and by no gesture did he give any indication that he appreciated what was being said. Late in the afternoon, however, he appeared to be exhausted and on the verge of collapse.

Dr. H. G. Brainerd testified that there are types of insanity in which the emotions remain undisturbed, and the intellect remains so long as consciousness remains.

Dr. M. B. Campbell, late superintendent at the State Hospital at Highland, echoed the opinion of the previous witness. He could not state whether it was at all usual for an insane person to be so calm, but that he had never been present when such a one had fainted away.

With this testimony the case against Morris Buck finally closed, and H. T. Gage began his address to the jury. He made an analysis of the testimony in light of the contest of the defense that the defendant was insane at the time he committed the murder, and a running up of the law bearing upon certain forms of insanity which may be pleaded as a defense.

Point by point Mr. Gage followed the testimony and showed how inconsistent with the facts was the attempt to make Buck appear as having acted in a sane manner at the time he committed the deed.

Attorney Warner followed in behalf of the defense. In his argument he did not follow the logical method; but by picking on a point of evidence here and there, by pointing out an incongruity of a supposed fact, Mr. Warner endeavored to reinforce the prosecution in the attempt to send Buck to the gallows, and so far as Mr. Gage was concerned, his words were in the nature of a petty attack.

He impugned some of the statements made to the jury by Mr. Gage, and in the nature of a petty attack, he was quite persistent.

When court adjourned at 5 o'clock Buck was very shaky, but was hurried back to the County Jail without mishap.

THE INFERIOR COURTS.
THREE HELD ON FORGERY CHARGE.

J. W. KEFFORD, OF BAD CHECK FAME, ARRAIGNED.

He Will Have His Preliminary Examination Today—A. C. Briggs Awaits Trial in Jail, Also Ygnacio Ramirez—Maximino Galindo Held for Ramish & Marsh Forgery.

Three alleged forgers were arraigned in the Police Court yesterday and one was bound over for trial in the Superior Court and the remaining two will be examined before police justices today.

J. W. Kefford, whose operations are directed by the police and by his own admissions to have been very extensive, was arraigned before Justice Austin and his bail fixed at \$1000. He was examined today and the police believe bound over for trial in the Superior Court.

While his bail was not made large, Kefford cannot hope to secure bond, as he has been convicted on a forgery charge in the Superior Court and sentenced to serve one year in the penitentiary. He promised to be good, however, and as his health was poor, he was given another chance, and so sentence was suspended during good behavior.

A short time after his release he went to San Diego where his divorced wife was living with a prominent family as a housekeeper, and terrified the woman and the members of the family with whom she was living by drawing a huge knife and threatening to kill them all. He was placed under arrest at that time, but again escaped prosecution.

In the arrest of Kefford the police believe they have captured one of the men who have been doing the city with bad checks of late. They believe he was probably the worst offender.

Ygnacio Ramirez was arraigned today and he had passed a number of checks and that he intended to pass a great many more. He was arraigned on a charge of forgery and sent to the penitentiary to serve the sentence of one year which was suspended, and then returned to this city to stand trial on the new charges against him.

A. C. Briggs was arraigned before Justice Chambers on a charge of forgery and today was set for his examination. Meantime he is being held in jail under \$1500 bonds.

Ygnacio Ramirez was examined before Justice Chambers on a charge of forging the name of the firm of Ramish & Marsh to a number of checks. He was bound over for trial in the Superior Court with bail fixed at \$1500, which he could not furnish, and was taken back to jail.

Our Talking Machine Departments will be open Wednesday evenings

The KINGSBURY

Do you intend purchasing a piano? Have you considered the chances of getting a poor piano instead of a good one? Do you know how many really poor, cheap pianos are made in America?

IN BUYING A PIANO the responsibility of the house you buy of, and the reputation of the piano you decide on are of the greatest importance. The KINGSBURY PIANO has the reputation of being a thoroughly good piano. Eighty Hundersomes in Southern California are pleased with it. We sell these pianos. You can depend upon our guarantee in buying a Kingsbury Piano, and we make moderate terms with those who desire.

Southern California Music Co.

San Diego, Riverside, San Bernardino
Agents for Regina Music Boxes and Victor Talking Machines.

Ghirardelli's Cocoa

occupies a distinctive position in the West because it is made in San Francisco and not subjected to delays and atmospheric changes as are imported cocoas.

A new process is now used in its making—a process that gives the cocoa a darker color because more of the health-giving oil of the cocoa bean is retained than in the cocoa made under old conditions.

What is more the flavor is improved and it is one that will please you day in and day out. Try Ghirardelli's Cocoa and see what a delicious taste it has, contributed to a great extent by its freshness. At grocers in hermetically sealed tins.

Ask your friends

who have clean, white teeth what dentifrice they use. They'll tell you, Sanitol Tooth Powder.

The "good morning" smile is all the pleasanter if your teeth are pearly white. Sanitol is like oxygen in the mouth, which together with its antiseptic properties, prevents discoloration of the teeth and imparts refreshing health to the gums.

At all Druggists, price 25c.
The Sanitol Chemical Laboratory Co., St. Louis.

Banking with the Trust Company

The banking functions of the Trust Company cover a distinct field responsive to a demand created by the increasing accumulations of money not engaged in active merchandising operations. The great majority of the deposits of the Trust Company are drawn from funds of this character.

The Trust Company does not seek commercial loans, but loans its funds only to such persons or concerns as are able and willing to furnish security for their advances. Therefore, instead of extending commercial credit to its depositors the Trust Company allows interest on all classes of deposits, at the rate of 2 per cent. on daily balances of checking accounts over three hundred dollars; 3 per cent. on ten-day demand accounts over 4 per cent. on term deposits.

Every effort is made to attain the greatest efficiency in every transaction. Promptness and courtesy are required of every employee.

MORE CAPITAL AND ACTIVITY.

Infusion of Eastern Money at Searchlight Stimulates the Work. Group of Twenty Claims Sold for Quarter of a Million Dollars—Elections Coming in Arizona.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

SEARCHLIGHT (Nev.) March 18.—The recent infusion of eastern capital into the Searchlight mine has resulted in a renewal of activity in pushing forward the work of sinking and drifting; the sinking of a 300-foot shaft from the 200-foot level and several hundred feet of drifting, and cross-cutting constituting a part of the work now in progress. Lack of capital has rendered anything but desultory work impossible heretofore, but with the new facilities matters are expected to be carried through from pay dirt to dividend paying. The Parallel is located immediately north of the famous Cyrus Noble mine, west of the Santa Fe, and south of the Big Six and Southern Nevada groups. The mine has produced shipping ore that has brought a hundred dollars per ton in the past.

The Cyrus Noble is still sinking in its. The management of the "flower in a garden of mines" has commenced to sink the present shaft of 475 feet to a depth of 1000 feet. There are four shifts employed on the work at present, and the depth mentioned is expected to be attained within as short a period as up-to-date facilities and methods can be counted on to effect. The shaft is now running on 80 rock, and when the water pipes are being laid, are connected, three shifts of twenty-four hours each day will be the programme. The formal announcement of a dividend will be made in April.

The electric plant here is now installed, and wiring is progressing rapidly. Owing to the peculiarity of the climate, this is about the only plant that flourishes here, the early blooming spring cactus and yucca, coupled. The Nevada Consolidated Mines Limited have purchased the McGowan and McLaughlin group, consisting of twenty claims in the Searchlight district for \$250,000. The company is capitalized for \$1,000,000, to lease, develop and operate mines. George Spittler, a capitalist of Philadelphia, is at the head of the new company, and Marius de Bryant, general manager of the Salt Lake route and confidential agent of United States Senator William E. Clark, is a director. Machinery is now on its way to the property, and as soon as it arrives, three shifts will be put to work to supplement the present force of thirty-five men now employed. Contracts have been let for sinking two shafts, 450 feet each, and work will be hastened.

Water has been struck on the Boulder at a depth of 175 feet and pumps are to be installed at once. Drifts have been run on the sixty-five-foot and 165-foot levels, and an immense body of free milling ore has been disclosed. Sinking will be resumed to the 400-foot level as soon as the shafts are cleared of water.

Owing to the unexpected flow of water on the Black Hawk property of the Le Roy Mining Company, work has been temporarily suspended, until the installation of a pump. The shaft is down 375 feet and drifting will be started above the water level. The ten-horse power hoist of the Treasurer Company is now in operation. The shaft will be sunk to the 250-foot level. At present they are down thirty-five feet, all in ledge matter, and good payables are obtainable. This property is situated under the townsite and the strike was made on the corner of Main and Gavilan streets.

The Mountain Group is still absorbing all the interest in El Dorado as the work of sacking the ore continues on the Lela B. (An assay of the three samples taken from the sacked ore gave a return of \$2540 per ton. This property is rich ore was encountered while running a fifteen-foot open cross-cut.

ARIZONA ELECTIONS.
SOME LOCAL COMPANIES.
A number of mining companies with properties in Goldfield, Nev., and with stockholders in Los Angeles, will elect officers the first week in April, at Phoenix, Ariz. Among these are the Red Top Mining Company and the Jumbo Mining Company. Word was received in this city yesterday through Reno, Nev., that there is special activity in the Goldfield camps, a number of heavy shipments of rich ore having been sent out last week, one of them being from the Gold Bar mine. The Lone Star, at Goldfield; the Manhattan Consolidated Extension and the Bronco, both in the Manhattan district, report good strikes of new veins of ore. The Golden Anchor Mining Company, began work last week upon a new stamp mill in the Manhattan district, which will be good news to some investors in Los Angeles.

News has been received in the office of the Red Hill Mining Company, in this city, that the company has struck an underground flow of water near its property, which will enable it to start its ten-stamp mill without waiting to bring the distance from a distance. It is claimed here that recent assays from this mine show values of \$400 and over per ton.

REAL ESTATE DEALS.

Long Lists of Los Angeles Lots, Homes, Cottages and Semi-Business Par- cels Bought and Sold.

Robert Marsh has sold, through the firms of Robert Marsh & Co., and Mines & Parish, to the Mojave River Lime Company, the northwest corner of Fifth and Olive streets. The property, unimproved, has a frontage of 80 feet on Olive street and 160 feet on Fifth. The stated consideration is \$30,000.

C. C. C. Tatum reports that Sarah Rubin buys of Julia S. Park and D. H. Steele, lot 81 feet on Hill street by 130 on sixteenth street, northwest corner, improved with two-story frame dwelling; consideration \$24,000. This sale was made in conjunction with B. A. Vollmer and Allen D. Butt. Richard Rose buys of Charles S. Anderson, lot 5x130 feet on the south side of Sixteenth street, 130 feet west of Figueroa, improved with six-room cottage; consideration \$4250. Constance Goytino buys of the Western California Land Company, lot 18x150 feet on the northwest corner of Washington street and Crenshaw boulevard, unimproved; consideration \$6000.

Edward C. Hyams and Alex Culver sells for G. W. Frink estate, 5x250 feet on the south side of East First street, near Boyle avenue. The sale was made to a local investor, who intends building; consideration \$3000. Edward C. Hyams and R. S. Saunders, sells for M. A. Goldman, the northwest corner of Pennsylvania avenue and Kearney street, 50x136 feet, to R. Vandeale, who intends building a home for himself; consideration \$1000. Same also sells for same party, 40x136 feet north of Kearney street, on the west side of Pennsylvania avenue, to a local buyer; consideration \$1000. Edward C. Hyams sells for J. J. Newell, 50x100 feet on the west side of Pleasant avenue, just north of Eschmida street, to

Epileptic Fits of Children.

Epilepsy, or fits, in children, is even of greater urgency than in older people. In their case the nervous life is an attack of habit, and comes at a fatal moment, and the sunshine of the home will be crushed out of existence. At the very first sign of epilepsy or nervous twitches or tremblings, Elzair Kottke should be used.

This remedy is the discovery of a well-known Washington scientist, and is the only known cure for epileptic fits. It can be used by all ages and is a positive cure for this dread disease. Off Drug Co. have so much faith in this remedy that they give their personal guarantee that it will cure or else the price, \$1.50 will be refunded. Mail orders filled. The Kottke Co., Washington, D. C., or Off Drug Co., Los Angeles, Cal.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health. Sold for 60 years. We have no secrets! We publish the formula of all our medicines. J. C. Ayer & Co., Lowell, Mass.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

"Gouraud's Cream" is the best beauty product in the world. It is the only one that makes the skin so soft and smooth, and gives it a natural, healthy glow. It is sold in all the best drug stores and beauty parlors. Price, 25c per bottle. J. C. Ayer & Co., Lowell, Mass.

FEED, T. HOPKINS, Prop., 37 Great Jones Street, New York

Mrs. M. H. Francis, an unusually talented and delightful vocalist of San Francisco, will sing for the first time here. There are no tickets to be sold, but a silver offering will be taken during the evening.

Mr. and Mrs. W. A. Avery of Hotel Hollywood entertained a party of friends at the Orpheum to see Lillian Hurkath, who is a friend. Others in the party were: Mr. and Mrs. C. J. George of Hollywood, Mr. and Mrs. O. H. Burbridge and Mr. and Mrs. Bartlett.

Pine Forest Whist.

Mrs. C. S. Klous of No. 2314 Menlo avenue had as her guests yesterday afternoon members of the Pine Forest Whist Club. She was assisted by her sister, Miss Cora Smith, in entertaining. The parlors and dining-room were decorated with pink and white carnations and scores for the games were kept on hand-painted cards ornamented with butterflies. The prizes were a water-color picture and a china almond set. Guests were: Meses Octavious Morgan, W. T. Jefferson, Beckwith, J. E. Carr, W. H. Wagner, C. W. Sylvester, M. P. Snyder, Thomas Hughes, M. K. Suber, A. J. Copp, D. R. Brown, C. H. Matthay, D. A. Meekins, Nichols and Miss Clara French and Miss Ida Le Noir.

WOMEN'S CLUBS.

Susan B. Anthony Memorial.

"The men and women of Southern California honor themselves when they honor the memory of Susan B. Anthony," declared Mrs. D. G. Stephens last night, when she spoke in commemoration of the dead letter of the woman suffrage movement.

A representative audience gathered in the Woman's Club House to hold a memorial meeting for the late Miss Anthony. Many men were there, and representatives from all the women's clubs in the city were present in large numbers. A solo "Crossing the Bar," sung by Mrs. Frank Colby, opened the service, and was followed by prayer by Rev. C. C. Pierce. The city federation of the W.C.T.U. was represented by Mrs. Hester Colby, who gave a brief sketch of the career of Miss Anthony from 1847, when she stood out publicly and faced the liquor traffic, and from that experience, was led to take a stand for equal suffrage.

Mrs. Philip Gerhardt paid a tribute in behalf of the Wednesday Morning Club. "There is not a woman in the United States today," she said, "who is not indebted to the influence of Susan B. Anthony for the betterment of womanhood."

Mrs. O. Shepherd Barnum represented the Friday Morning Club, and made the point that, when Miss Anthony began her work it would have been impossible for women to own the clubhouses in their own rights, as they now do. She also brought a message from the Los Angeles College Women's Club, who desired to pay a tribute of gratitude for the right of woman to go to college, brought about by the co-education sentiments of Miss Anthony.

Mrs. J. W. Van Cleave spoke for the Ethel Club, and dwelt upon the debt owed to Miss Anthony for her untiring ideals. Mrs. Potter read a message from Mrs. Severance, who was unable to be present, and other speakers were Mrs. Florence Collins, Porter, and Eliza Tupper Wilkes for the State Suffrage League.

Miss Jessie Anthony, a cousin of the dead woman, sat upon the platform, and a large picture of her distinguished relative, wreathed in syringa sprays, hung at the back.

The Ebells.

Seats were at a premium at the Ebells clubhouse yesterday afternoon when Mrs. Merrill M. Grigg gave her splendid interpretation of the melodrama of "Hiawatha." Not in many weeks has there been so large an attendance at the regular Monday afternoon session of the club. Miss Alice Coleman rendered during the recital, sometimes in soft accompaniment, and sometimes as an interlude, the charming, weird Indian music composed for the poem by the late Salside Knowland Coe.

Mrs. Grigg's work was superb. Her flexible voice and expressive face lent themselves admirably to the musical pathos of the poem. In the lighter portions of the opening of the melodrama, she was simply charming, especially in the love scene, where the stalwart Hiawatha wooed the lovely Laughing Water. As the shadow of fever and famine, leading up to the final tragedy, darkened the picture, the absolute

absorption of the large audience spoke loudly for the talent of the interpreter.

At the close of the dramatic rendering, the throng dispersed itself through the reception rooms, where tea was served.

Plans for the Arts and Crafts Loan Exhibition, which comes off the last of the month, are in full swing. Mrs. Eugene Pettigrew, assisted by Mrs. J. B. Millard, is working enthusiastically for the success of the educational section of the exhibit. The work of the school children, from the kindergarten up through all the grades to the Polytechnic, will be a feature of this part of the show. Plans are also under way for pure-food exhibit in this department, and on Saturday afternoon, March 31, there is to be a children's matinee with Mother Goose illustrations.

One of the attractive features will be the Spanish room in the annex, presided over by Mrs. John H. Norton and her assistants, who will be dressed in Spanish costumes, and will execute Spanish dances and sing Spanish songs. Some rare exhibits will be in this department, among them a Spanish Bible more than 250 years old, and sacramental vestments more than three centuries old. Out in the patio, tumbales and coffee will be served under a canopy of greens gay with the Spanish colors.

The Indian department will be in charge of Meses Sumner P. Hunt.

Charles N. Flint, W. F. Pless and F. T. Knight. An extensive exhibit will be made by Charles F. Lummis, consisting of Aztec fabrics, pottery, baskets, and utensils from the excavations made by Mr. Lummis in Peru, together with specimens from the ancient cliff dwellers, and the finest Navajo blankets in existence. There will be old Mexican curios and a collection of fine modern baskets by the Camp Indians.

James H. Owen will exhibit almost his entire collection of blankets, baskets, domestic implements, saddles, papyrus cradles, musical instruments, pottery, belts, necklaces, bracelets, etc., obtained from nearly every agency in the United States.

W. D. Campbell will make a small but choice exhibit of very fine baskets. Mrs. John H. Norton will lend a coat worn during the Geronimo campaign, and other interesting historical relics.

Mrs. J. V. Vickers and Miss Silent will lend some of the largest bottle and storage baskets, and Mrs. Trask will loan some interesting Alaskan baskets and curios.

Mrs. John T. Griffith will furnish the only beaded squaw's dress in Los Angeles, beside many other curios collected by her father, Maj. Wedemeyer. Dr. O'Leary will lend his collection of baskets and carrying bags, and altogether this will probably be the most extensive and complete collection of Indian relics ever brought together in this city.

When You Travel

for convenience and comfort wear one of our Janes. A Jane keeps the hair fluffy and becoming. With a Jane you can dress your hair easily, and that's a point when one is traveling. We sell a splendid Jane as low as \$2.50, and can match any color.

WEAVER-JACKSON HAIR CO. 443 So. Broadway

Mr. and Mrs. Valentine Peyton will open their beautiful home at No. 857 Westlake avenue on Thursday evening, giving a musicale for the benefit of the McKinley Home hospital fund. The programme is being arranged by Mrs. H. L. Jorger, who is one of the members of the Women's Auxiliary Board. Harry Barnhart, Miss Maude Reese Davies and others will contribute and

entertained with music at her home. No covers were given. Mrs. Jorger, Mrs. Barnhart, Mrs. F. C. Henshaw and Mrs. Van Kiste of

Every woman knows that a polished table collects so much dust in a day that she can write her name on it.

The same thing happens to a soda cracker exposed to the air—sufficient reason for buying Uneeda Biscuit the only soda cracker. Perfectly protected in a dust tight, moisture proof package.
